I support Milwaukee County applying for and accepting a RAISE Grant to improve the Purple Line. The types of improvements described in the document have been implemented in various other parts of the City of Milwaukee and have proven to improve reliability of and speed up the bus. MCTS is an integral part of life in Milwaukee County, providing additional transportation options to the County's residents. Bus riders deserve the best service that MCTS can provide. However, Milwaukee County should also review the City of Milwaukee's upcoming reconstruction projects and in subsequent years, jointly apply for RAISE/CMAQ Grants to build better bus infrastructure than would be otherwise possible on these projects.

I support the adoption and immediate application of this plan to MCDOT's current reconstruction projects. This plan will make it safer for pedestrians, cyclists, transit users, and motorists. In the long run, this will save the money, reduce fatalities/injuries, make people feel safer, improve transit use, and make it easier to ride a bike for vulnerable road users, no matter what part of the county someone lives in.
