 Decrease Operating Revenues

Indicate below the dollar change from budget for any submission that is projected to result in increased/decreased expenditures or revenues in the current year.

	Expenditure or Revenue Category	Current Year	Subsequent Year
Operating Budget	Expenditure	0	0
	Revenue	0	50,000
	Net Cost	0	(50,000)
Capital Improvement Budget	Expenditure		
	Revenue		
	Net Cost		

DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
 - A. The Milwaukee County Medical Examiner's Office (MCMEO) requests authorization to enter into a 2023-2027 Agreement to provide autopsy services to Kenosha County including, but not limited to: pathologist dissection, dictation, routine photography, review of medical, toxicology and investigative reports, histology review and completion of a final autopsy protocol
 - B. Kenosha County shall compensate Milwaukee County \$1,800 per case for Autopsy and Consulting Services; \$900 per case for External Exams; and \$500 per hour for Testimony. Milwaukee County has provided Autopsy and Consulting Services to Kenosha County through ongoing agreements since at least 2016.
 - C. MCMEO anticipates receiving \$50,000 from Kenosha County during each year of the 2023-2027 Agreement, resulting in an estimated \$250,000 total contract amount. Adoption of this resolution will not result in any tax levy effect, as this contract has already been included in the Medical Examiner's proposed 2023 budget.
 - D. The Autopsy and Consulting Services rate increases from \$1,500 per case from 2018 to 2022 to \$1,800 per case from 2023 to 2027. However, Kenosha County may opt to use External Exams at only \$900 per case in some situations. So MCMEO continues to conservatively estimate receiving \$50,000 per contract year from 2023 to 2027 (similar to its estimate that it would receive \$50,000 per contract year from 2018 to 2022).
