## COUNTY OF MILWAUKEE Inter-Office Communication

Date:

February 18, 2011

To:

Supervisor Johnny Thomas, Vice Chair, Committee on Finance and Audit

From:

Jerome J. Heer, Director of Audits

Subject:

Status Report - Audit of MCTS's Fare & Data Collection Systems (File No. 09-84)

Attached is an updated status report from Milwaukee County Transit System (MCTS) management describing its progress toward implementation of recommendations made in our report "An Audit of the Milwaukee County Transit System's Fare and Data Collection Systems."

The audit report was reviewed by the Committee on Finance and Audit at its meeting on March 12, 2009, where action was taken to receive and place it on file.

As noted in the current status report (three status reports, dated December 15, 2009, June 2, 2010, and September 7, 2010 have previously been submitted to the Committee), MCTS management continues working toward implementation of the outstanding recommendations. We have no concerns with this progress.

This status report is informational and we recommend it be received and placed on file. Given the long-term nature of the outstanding recommendations, we suggest the Committee request a status report due for its meeting in September 2011.

Jerome J. Heer

Finance and Audit Committee Members
Marvin Pratt, Interim Milwaukee County Executive
John Ruggini, Acting Fiscal & Budget Administrator, Dept. of Admin. Services
Jack Takerian, Director, Department of Transportation and Public Works
Anita Gulotta-Connelly, Managing Director, Milwaukee County Transit System
Terrence Cooley, Chief of Staff, County Board Staff
Steve Cady, Fiscal & Budget Analyst, County Board Staff
Carol Mueller, Chief Committee Clerk, County Board Staff

## STATUS OF IMPLEMENTING DEPARTMENT OF AUDIT REPORT RECOMMENDATIONS

Audit Title: An Audit of the Milwaukee County Transit System's Fare and Data Collection Systems
File Number: 09-84

Au	dit Date: February 2009 Stat	us Rep	ort Da	te: Fe	ebruary	15, 2011	Depa	rtment: MTS/DTPW
	Number & Recommendation		Deadlines Established		dlines ieved	Implementation Status		Comments
			No	Yes	No	Completed	Further Action Reguired	Comments
1.	Develop strategies for verifying, on a spot-check basis, key elements of its ridership profile, including the number of rides per week for various weekly pass fare categories, ratios and percentages used for allocating cash receipts, as well as those affecting transfer and free ride estimates. This should involve seeking resources outside of MTS for incorporating sound sampling techniques.		X				X	Auditee:  Transit has retained the services of IBI Group as a consultant for the fare collection project. The consultant has reviewed the current fare policy and made a recommendation to proceed with a fare collection system that utilizes contact-less fare media (smart cards). The consultant is currently developing a specification for that technology and we expect to have a draft copy of the specification by the end of February 2011.  After review and approval of the specification, a request for proposal will be issued and a contract awarded to a qualified vendor in late spring/early summer.  The new system will provide statistical data for all ridership. This data will be used to update the current ridership profile, including rides per pass, ratios for cash receipts, and free ride calculations.  Our goal continues to limit driver interaction with the system to the extent possible with available technology.
2.	Once a sound and reliable strategy for verifying key elements of its ridership profile is implemented, use a consistent ridership profile for calculating revenue-ride estimates, fare structure analyses and for estimating the fiscal impact of route and service level adjustments.		X	The state of the s	***		×	Auditee:  New fare collection equipment will provide ridership data by route which will be used when costing the fiscal impacts of route or service level adjustments.
