I am writing to support the budget amendment that funds the repair of the Washington Park Parking lot. Every time I park there, I am incredulous that the county has let a piece of their property reach this level of degradation. I also think this is a justice and equity issue. If a parking lot in Doctors Park, Lake Park or even Estabrook, were to get this bad, neighbors would have been up in arms a long time ago. This is a neighborhood with low home ownership and it seems that because the population is transient due to the system of evictions, historic red-lining and endemic poverty, the city and county thinks that people do not care. A lot of us have given up. We should not give up on citizens in this neighborhood. By leaving property in this state, we are contributing to the loss of value in properties that is cycling downward. PLEASE repair this parking lot!
