DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A.) Approval of this request would enable the Director of Benefits Administration to extend the current contract with Froedtert Health for administration of the County's wellness plan at an annual cost estimated at \$344,000 per year.

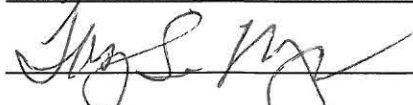

B.) There is no impact to the current year, other than the time of existing staff. The change in terms does not increase the cost.

C.) There is no impact to the current year. All costs realized in future years would be reflected in the overall org.1950 budget.

D.) The \$344,000 estimate is based on 3000 screenings and 1600 hours of coaching. The base rates for services would be \$70 per participant for the labs, HRA, and review with a health coach. Ongoing coaching would be provided at a rate of \$65 per hour. We have also added a wellness portal to be used by our employees. Participation reporting is \$3600 per year at the County's current enrollment, and there is a fixed program fee of \$20,000 per year. *Increases/Decreases to participation in the screening and/or coaching will positively or negatively impact projections.
