DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. The Director of the Department of Health and Human Services (DHHS) is requesting authorization to amend 2023 purchase of service contracts with St. Charles Youth and Family Services and Wisconsin Community Services (WCS) for the operation of the Aspire Education Program and Alternative Sanctions Program.

B. Total 2023 expenditures included in this request are \$35,000. The additional funding will allow the providers to ensure that all kids enrolled in the programs receive transportation to and from their schools, programming and homes.

C. Given the significant financial impact of the increased average daily population (ADP) of youth being placed in State corrections throughout 2022, contracts within Children, Youth and Family Services (CYFS) had been reduced in the department's 2023 Requested Budget to meet tax levy targets. Subsequent to the submittal of the 2023 Requested Budget, additional funding was added to the CYFS contract services budget line as part of the 2023 Recommended Budget for restoration of some community-based services. These funds will support the contract amendments.

D. No further assumptions have been made.
