

Amendment to

Item No. 23

File No. 120.240

Resolution / Ordinance amending Chapters 32, 42, 44 and 56.

Line 214 of the proposed changes to Section 42.02 is inconsistent with federal regulations. This amendment restores the following language deleted from line 214 of the proposed changes to Section 42.02(1)(c).

The specific words restored to line 214 are:

The replacement of this language makes the proposed changes to Section 42.02 consistent with controlling federal regulations.
