Date: April 16, 2020
To: Chairperson, County Board of Supervisors
From: Jen Francis, Interim Executive Director, Milwaukee County Parks
Subject: **Easement Request from MCImetro Access Transmission Services for Underground Telecommunication System within Lincoln Memorial Drive (ACTION)**

Issue

Authorization to execute a ten-year easement with two (2) ten-year renewals with MCImetro Access Transmission Services (MCImetro) to allow for the construction, operation, and maintenance of an underground telecommunication system across parkland.

Background

Declaratory rulings by the Federal Communications Commission and subsequent state law prohibit local governments from adopting regulations or taking actions that prohibit or have the effect of prohibiting wireless or wireline telecommunication services.

The easement requested serves Small Wireless Facilities (SWF) on Lincoln Memorial Drive. All installation work will be underground and installed by MCImetro and their contractors. Permission for installation work is granted through the Parks Right-of-Entry permit process. Granting the permanent easement is necessary for the long-term operation of the utility and requires authorization from the Milwaukee County Board of Supervisors and the County Executive.

The easement is for a ten-year period with two (2) ten-year renewals. The fee for the easement is five thousand dollars for the first mile of the run and \$1.66 per additional lineal foot. The fees increase by ten percent (10%) at each renewal. The annual fee will be split equally between the trail maintenance trust and the playground trust.

Recommendation

Parks' Interim Executive Director recommends authorization to prepare, review, approve, execute, record and/or implement the required documents or perform actions required to grant a ten-year easement with two (2) ten-year renewals for underground telecommunications to MCImetro for the construction, operation and maintenance of the

electric service in Lincoln Memorial Drive. It is further recommended that that the County Executive and County Clerk be authorized to execute any required documents.
