

COUNTY OF MILWAUKEE
INTEROFFICE COMMUNICATION

Date: October 15, 2015

To: Supervisor Willie Johnson, Co-Chairman, Personnel, Finance & Audit Committee
Supervisor Jim “Luigi” Schmitt, Co-Chairman, Personnel, Finance & Audit Committee

From: Kerry Mitchell, Chief Human Resources Officer

Subject: Compensation Report for File No. 15-635

The focus in Human Resources is to build an engaged, high-performing workforce. This includes putting Milwaukee County in the best position possible to attract and retain a great workforce, including its leadership. While most people don’t go into public service for the salary, it is still important to be able to compensate qualified workers competitively.

In 2012, it was discovered by new HR leadership that the County had not staffed a Compensation function for the prior 5 years. It was also discovered that the compensation system in place was very outdated. It not only worked against the County’s need to attract and retain qualified workers, but it perpetuated pay inequities across the organization. In fact, one would be hard-pressed to find another organization that continues to administer a compensation system like the one Milwaukee County does. Human Resources hired compensation experts and in 2013 launched a project to analyze all jobs across Milwaukee County and propose a new, market-based pay structure to ensure employees are paid fairly and competitively. The HR Compensation function now includes team members with a combined 40+ years of compensation plan design, analysis and administration experience.

Compensation analyses are typically based upon comparable positions as determined by job content, not job title. The job duties and scope of any position being reviewed, at all job levels, must be taken into consideration when determining comparable jobs and appropriate pay ranges. In fact, the survey vendors we work with aggregate thousands of pieces of data – based upon job content, not job title – and we use this information to determine appropriate pay ranges at all levels throughout Milwaukee County.

As the project came to a close, HR Compensation developed a new comprehensive set of County-wide, market-based salary ranges. These new salary ranges highlighted the fact that hundreds of employees – mostly front-line workers, such as Correction Officers and Highway Workers - have salaries below the minimum of the new market-based ranges. HR Compensation has recommended moving all employees into their respective pay ranges, and where employees are below the minimums, move them up to the minimum level.

In the midst of this project, Corporation Counsel issued legal opinions in 2013 - 2014 relating to Act 14 to the Milwaukee County Board of Supervisors, the County Executive, and department leaders regarding the role of the County Board in employee compensation matters. In an opinion dated January 21, 2014, Corporation Counsel stated:

“Non-classified employees (except elected officials) are part of the administrative structure under the County Executive, and are therefore subject to the Executive’s ‘day-to-day control of any county department or subunit of a department’ that under Act 14 ‘may be exercised only by the County Executive’ and not by the Board.”

For classified employees, the vast majority of recommendations, a report was presented to the County Board in March, 2015, along with a request to bring all employees who fell below their new market minimums to the minimum.

In accordance with the legal opinion of Corporation Counsel, Human Resources has migrated almost all unclassified jobs, with the exception of those below the new minimums, into the new ranges. The unclassified positions remaining below minimum are almost exclusively in the District Attorney’s Office. All BHD positions were moved to the new pay ranges earlier this year with the approval of the County Mental Health Board.

We have acted based on our responsibility and authority to maintain a sound, market-based approach to compensation structure at Milwaukee County, and to help maintain Milwaukee County as an employer able to attract and retain qualified candidates for all of our positions, including leadership roles.

As requested, attached is a current listing of positions in the market-based unclassified ranges.

cc: Chris Abele, County Executive
Raisa Koltun, County Executive’s Chief of Staff
Kerry Mitchell, Chief Human Resources Officer
Kelly Bablitch, Chief of Staff, County Board of Supervisors
Steve Cady, Research & Policy Director, Office of the Comptroller
