

COUNTY BOARD OF SUPERVISORS

Milwaukee County

March 17, 2015

Director Mitchell:

The agenda for Thursday's meeting of the Committee on Finance, Personnel, and Audit includes a report regarding the Department of Human Resources' new proposal to eliminate pay grades and pay steps and implement new broad pay ranges, and providing information regarding new pay ranges for unclassified positions.

Please provide the informational report requested by the Committee on the unclassified positions, so the Committee Coordinator can upload this written report into Legistar and make it available to the public through the County's Legislative Information Center. Clearly, Human Resources must have the requested information available, given that the fiscal estimate of \$1.8 million includes both classified and unclassified positions as both the Executive's Chief of Staff and the Budget Director have noted.

Information on unclassified positions originally was requested by the Board's Chief of Staff, and received and acknowledged by Human Resources, on February 27, 2015. Since Thursday's meeting is three weeks from that request, and the Executive's Chief of Staff since has relayed that this is public information that she is willing to share, we trust that the report requested by the Committee will be made available by the Administration in a timely manner.

Sincerely,

Supervisor Willie Johnson, Jr.
Co-Chair,

Supervisor Theodore Lipscomb, Sr.
Co-Chair,

cc: Janelle Jensen, Chief Committee Coordinator
