

## BOARD OF SUPERVISORS

# Steven Shea

Milwaukee County Supervisor - 8th District

April 20, 2026

To the Honorable Body of the Milwaukee County Board of Supervisors: I submit my official statement of candidacy for another term as First Vice-Chairperson. I believe my background can be put to good use to serve the Board and Chair. I am an educator who has taught for 30 years at Milwaukee Area Technical College. I am an active member of American Federation of Teachers local 212, Peace Action WI, Citizen Action, WI Working Families, and the Democratic Party of Wisconsin. I am also active in my church, Nativity of the Lord Catholic Church in Cudahy. Even before Act 10, as an educator, I have learned to make do with less. As an educator in the inner city, I have learned to work constructively with people of different backgrounds. I want to use these skills as First Vice-Chair.

As First Vice-Chair, I want to ensure the Milwaukee County Board is a model of good government that works for all citizens. I have chaired the Committee on Transportation and Transit through a particularly difficult period for MCTS. I consider my leadership style as consensus building. Although I sometimes have strong opinions, I listen to those with differing views. I attempt to bridge differences and work towards a solution that benefits the common good. I promise to work with all supervisors and hear your concerns and the concerns of your constituents. I hope to build an environment that encourages trust, creativity, and teamwork. I would love to have your support for another term as First Vice-Chairperson.

Sincerely,

A handwritten signature in cursive script that reads "Steven Shea".
