Paul:

Since File No. 15-547 hasn't been referred, I recommend creating a new file with the updated/current information once it is ready.

Would you like to withdraw 15-547?

Janelle

Kelly (and Janelle),

I'll be revising this request downward in light of the POP announcement yesterday that there will not be an appeal. This account also covers some work on agreements, etc., so I want to talk to Marcuvitz to see how much I think should be added. Then I'll send a revised request.

The current request is File No. 15-547. Should I use the same File No. or will you want a new one?

I will either send you the new file or bring it to Judiciary agenda setting on the 3d.

If it's being submitted as passive review, we can receive on morning of FPA agenda setting.

In light of today's actions on Couture, are you still planning to submit?

Thanks,

The original will be brought down to the Chairman's office later.

Janelle: I will bring you 5 copies.

Thanks.
