## DESCRIPTION OF FISCAL EFFECT

**In the space below, you must provide the following information. Attach additional pages if necessary.**

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
  - B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.<sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
  - C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
  - D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- 
- A. The Office of the Comptroller is requesting the approval of the attached authorizing resolution and final bond resolution for the issuance of a not-to-exceed amount of \$64 million of General Airport Revenue Bonds (GARBs) to finance various airport capital improvement projects included in the 2011-2013 Capital Improvement Budgets. The attached final bond resolution authorizes the issuance of the bonds and provides parameters for the issuance and delegates approval of the sale of the bonds to the Comptroller. The Comptroller's approval is limited to results of the sale that fall within parameters outlined in the resolution. An informational report will be submitted to the Finance, Personnel, and Audit Committee to communicate the final results of the bond sale.
  - B. The not-to-exceed amount includes a total cost of \$5,761,250 for cost of issuance that includes such items as \$5,406,500 to fund the required debt service reserve, \$410,000 for the underwriter(s) costs (bond purchaser) and \$300,000 for the Co-Financial Advisors, Co-Bond Counsels, rating agencies, printers of the official statement (bond prospectus) and \$4,750 for rounding.
  - C. An administrative transfer will be submitted to the Department of Administrative Services to adjust the debt issue expense budget. The revenue is included in the bond issue amount.
  - D. The not-to-exceed amount of \$60,000,000 assumes underwriter costs of \$7 per \$1,000 bond amount and \$5 per bond amount for all other costs. These amounts are based on previous values for not-to-exceed amounts and market conditions.

<sup>1</sup> If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
