SUBJECT: Fiscal Report of March 2019 (1st Quarter) for Milwaukee County

Policy Issue

Wisconsin Statutes Section 59.255(2) and County Ordinance Section 56.02(2) require the Comptroller to provide a monthly update of the fiscal condition of the County.

2019 Year-end Projection

Based on financial results through March 31, 2019, prior monthly reports submitted by departments and known projected actions, Milwaukee County's projected 2019 year-end fiscal status is a \$1.9 million surplus.

| Period | Projected Year | Annual | Change from |
|-----------------------------|---------------------|---------------|-------------|
| | End Position | Projection | Prior |
| | | - | Projection |
| March 2018 (Current Period) | Surplus | \$1.9 million | n/a |

The projection assumes that \$4.6 million in available unallocated *and* allocated contingency funds is spent with \$1.0 million applied to offset departmental and non-departmental deficits. The projection will change to the extent that additional contingency funds are used or not used during the year.

Based on the most current reports from departments, the departments in the following table have projected a year-end operating surplus or deficit. Departments not listed are currently reporting a break-even. Taken together with non-departmental surpluses and deficits, the County is projecting a surplus.

Overview of Process for Determining County-wide Year End Financial Projections:

The projection of the County's year-end results begins with an analysis of year-to-date actual results by each Department for the most recent quarter that has ended. These actual results become the basis for each department projecting twelve months of actual activity. Departments then submit a report of projected year-end results to the Comptroller. The departmental projections include a fiscal report of budget versus projected actual results by appropriation category, a written report of variances between budgeted and projected actual results, and a written report of any corrective action plan that the department intends to implement to reduce any projected deficit.

The Comptroller reviews the reports submitted by departments. During the review, questions may arise regarding departmental projections. Discussions will then occur with department personnel on the expected annual results. In rare instances, when the Comptroller projections differ from departmental financial results, the County-wide report will reflect the Comptroller projection, which will be noted in this report.

The Comptroller analyzes and projects financial results for most non-departmental accounts including fringe benefits, sales taxes, delinquent property taxes, investment income, unallocated contingency fund, debt service fund and capital projects fund. In addition, the Comptroller prepares salary projections for each department and compares the results to the salary projections prepared by departments. The projections by departments and the Comptroller are combined to arrive at a year-end projection of financial results for the County. The fiscal report is then submitted to the County Board and County Executive.

DESCRIPTION OF SIGNIFICANT SURPLUS AND DEFICIT PROJECTIONS FOR 2019

County Treasurer (Org 3090)

(\$0.1 million deficit)

The County Treasurer previously received a credit from our banking institution due to the size of the balances the County maintained which resulted in more revenue than if the County were earning interest on its balances. For 2019 the County is actually earning more revenue through interest earnings on its balances than through the bank credit. Although this results in a deficit in the Treasurer's office, there is additional revenue being earned in Org 1992 Earnings on Investments that offsets this deficit.

DAS (Org 1151) \$0.2 million surplus

DAS, has a surplus of approximately \$240,000 which is a result of additional revenue in the Economic Development Division related to increases in renegotiated leases and increases in lot operator revenue.

District Attorney (Org 4500)

\$0.1 million surplus

The District Attorney is anticipating a surplus due to a higher vacancy rate than originally budgeted for.

Appropriation for Contingency (Org 1945)

\$1.0 million surplus

The current projection for the Appropriation for Contingency assumes that only \$4.6 million of the current contingency appropriation is spent in 2019. It assumes that \$1.0 million will remain available at the end of 2019 to offset departmental and non-departmental deficits.

Sales Tax (*Org 1996***)**

\$0.5 million surplus

Current projections indicate that the County will surplus by approximately \$0.5 million in sales tax in 2019. This is largely a result of the 2018 year-end surplus that was not fully captured in the 2019 adopted budget.
