DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
 - B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
 - C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
 - D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
-
- A. Approval of this resolution would authorize the creation of 1.0 FTE Human Service Worker-Enrollment Specialist to support the increased enrollment in the Children's Long-Term Support (CLTS) Program.
 - B. For 2024, the total salary and social security cost for the creation of the new position is \$27,676. This assumes the position is hired at a mid-salary point in the pay range and filled by pay period 15 (July 8, 2024). The full annualized salary and social security cost is estimated to be \$59,964 in 2025.
 - C. The total cost of this position is offset by additional CLTS revenue.
 - D. The accompanying resolution authorizes the position action upon approval by the County Board at its May 2024 meeting to ensure timely recruitment. This fiscal note calculates the total cost as of pay period 15 (July 8, 2024) which is anticipated to be a realistic timeframe for filling the position and incurring costs.
 - E. There are no assumptions made.
