I am the Housing Program Manager for UnitedHealthcare for Wisconsin. MCHD does an excellent job-- thank you! I attend all coalition meetings in the state and have a very good expertise in housing. I would like to have a greater role in Milwaukee. I would like to be invited to the leadership meetings and also be part of committees. How can I do this? I have volunteered multiple times and asked to be invited. Your Mlwk CoC all membership meetings are basic. deanna_kloster@uch.com

Members of our community are being faced with a very dire housing situation that we need to collectively address. Access to safe and adequate housing is a right afforded to us as members of the community. As housing prices are rising quickly, members of far too many communities are being priced out of neighborhoods where generations of traditions and connections have been established. Issues such as rapid property tax increases that coincide with questionable (at best) assessments on property values, rapid increases in rent prices year-over-year, information disparity regarding homeownership perpetuated by lending institutions, and a myriad of other factors are causing housing insecurity among Milwaukee County residents. I am commenting in support of the Housing Subcommittee that has been proposed, as it gives both visibility and accountability to those of us who have a stake in this matter. That includes residents and elected officials alike. We all have a right and obligation to be informed and armed with tools for successful building up on the many diverse and necessary foundations our neighborhoods provide us.
