I am writing to oppose the more than \$3 million increase in personnel funding for the Office of the Sheriff. This increase in funding is inconsistent with Milwaukee County's vision, "By achieving racial equity Milwaukee is the healthiest county in Wisconsin." Considering the County's limited financial resources, and the stated goals of improved equity and health outcomes, this money would be much better invested in MCTS and/or the Park

System.

The county should do the following:

- Do NOT increase funding for the Sheriff
- Defund the overtime budget and put the money into community resources.

I have spent months canvassing on the north and south sides with the Milwaukee Alliance Against Racist and Political Repression asking if the community wants more policing - and that is the furthest thing that our communities want and need. They want more funding for public services, union jobs, and better upkeep community spaces such as parks.

Dear Finance Committee, I am writing in support of Supervisor Clancy's budget amendment to establish a full time nursing position within the Milwaukee County Housing Division to assist its Homeless Outreach Teams in addressing addiction issues among homeless individuals. Street Angels is currently serving 183 homeless individuals on our two mobile outreach routes (north side & south side); many are experiencing tremendous challenges with addiction as well as other health problems. We know from our other 'standing' outreach work in collaboration with the West Allis Fire Department, Community Medical Services, and Apostle Presbyterian Church that people struggling with addiction may take a long while to build the trust necessary to enter treatment. That said, we believe adding a dedicated nurse that would be a consistent, reliable part of the County's team could be of great benefit to our homeless friends. Janice Wilberg, Ph.D., President, Street Angels Board of Directors
