From: Guy Smith, Executive Parks Director for Milwaukee County Parks

Subject: Climate Impacts at Grant Park

File Type: Informational Report

REQUEST

From the Executive Director of Milwaukee County Parks providing an Informational report on Climate Impacts at Grant Park

POLICY

None

BACKGROUND

File #22-292 appropriated funding in the amount of \$30,000 to identify climate related grant opportunities to address problems stemming from global climate change. Milwaukee County Parks engaged multiple consultants regarding the proposed scope of work and determined that the funding was insufficient for a countywide study. Milwaukee County Parks reduced the scope to a location that was representative of the facilities and landscapes for the entire system and engaged Mead & Hunt to assist with a report to outline trends, identify risks and propose solutions for the department. Milwaukee County Parks chose Grant Park as a proxy for the system due to its size, location and amenities.
