

Area of Concern Contracts 2024-2025

Presented by: Robert Senglaub and Natalie Dutack

September 3, 2024, | Committee on Parks and Culture

Milwaukee Estuary AOC Projects

- The Milwaukee Estuary designated an Area of Concern in 1987
- Put us on a list of the most polluted sites on the Great Lakes.
- Milwaukee County committed to help delist the AOC by implementing projects that address issues that have impacted our waters and natural areas.

EPA → **DNR** → **MCP**
This project is fully federally funded and does not require a match.

Wildlife Enhancements

Improve habitat to support healthy populations of fish and wildlife.

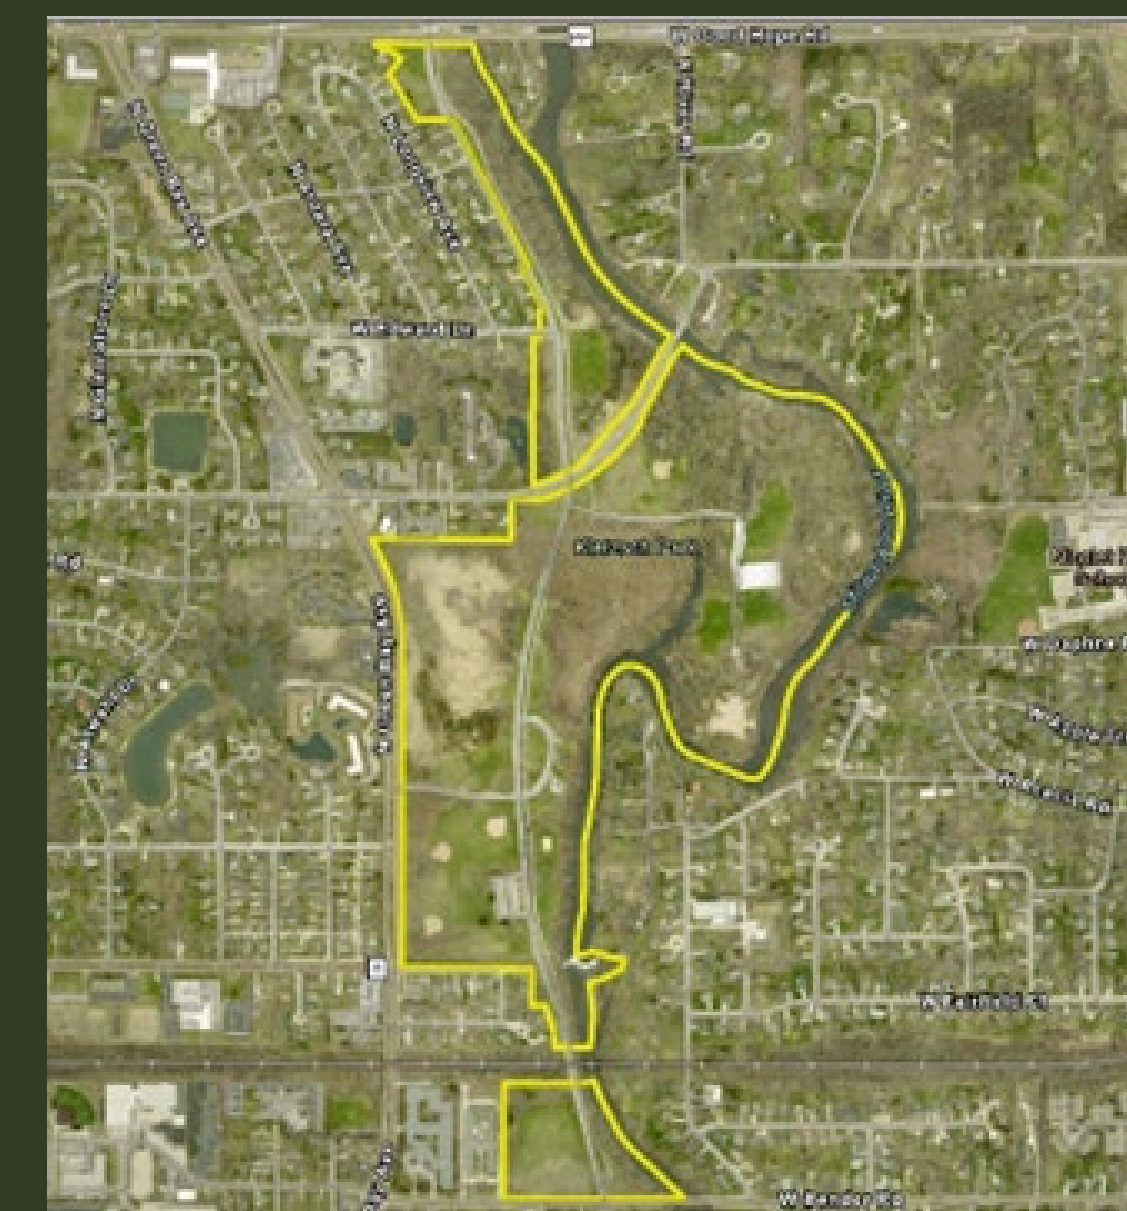

**County Grounds, Hoyt, Menomonee River Parkway
Section 9**

- Grant Amount \$325,000
- 185 acres improved

**Menomonee River Parkway
(Section 5 & 6)**

- Grant Amount \$475,000
- 178 acres improved

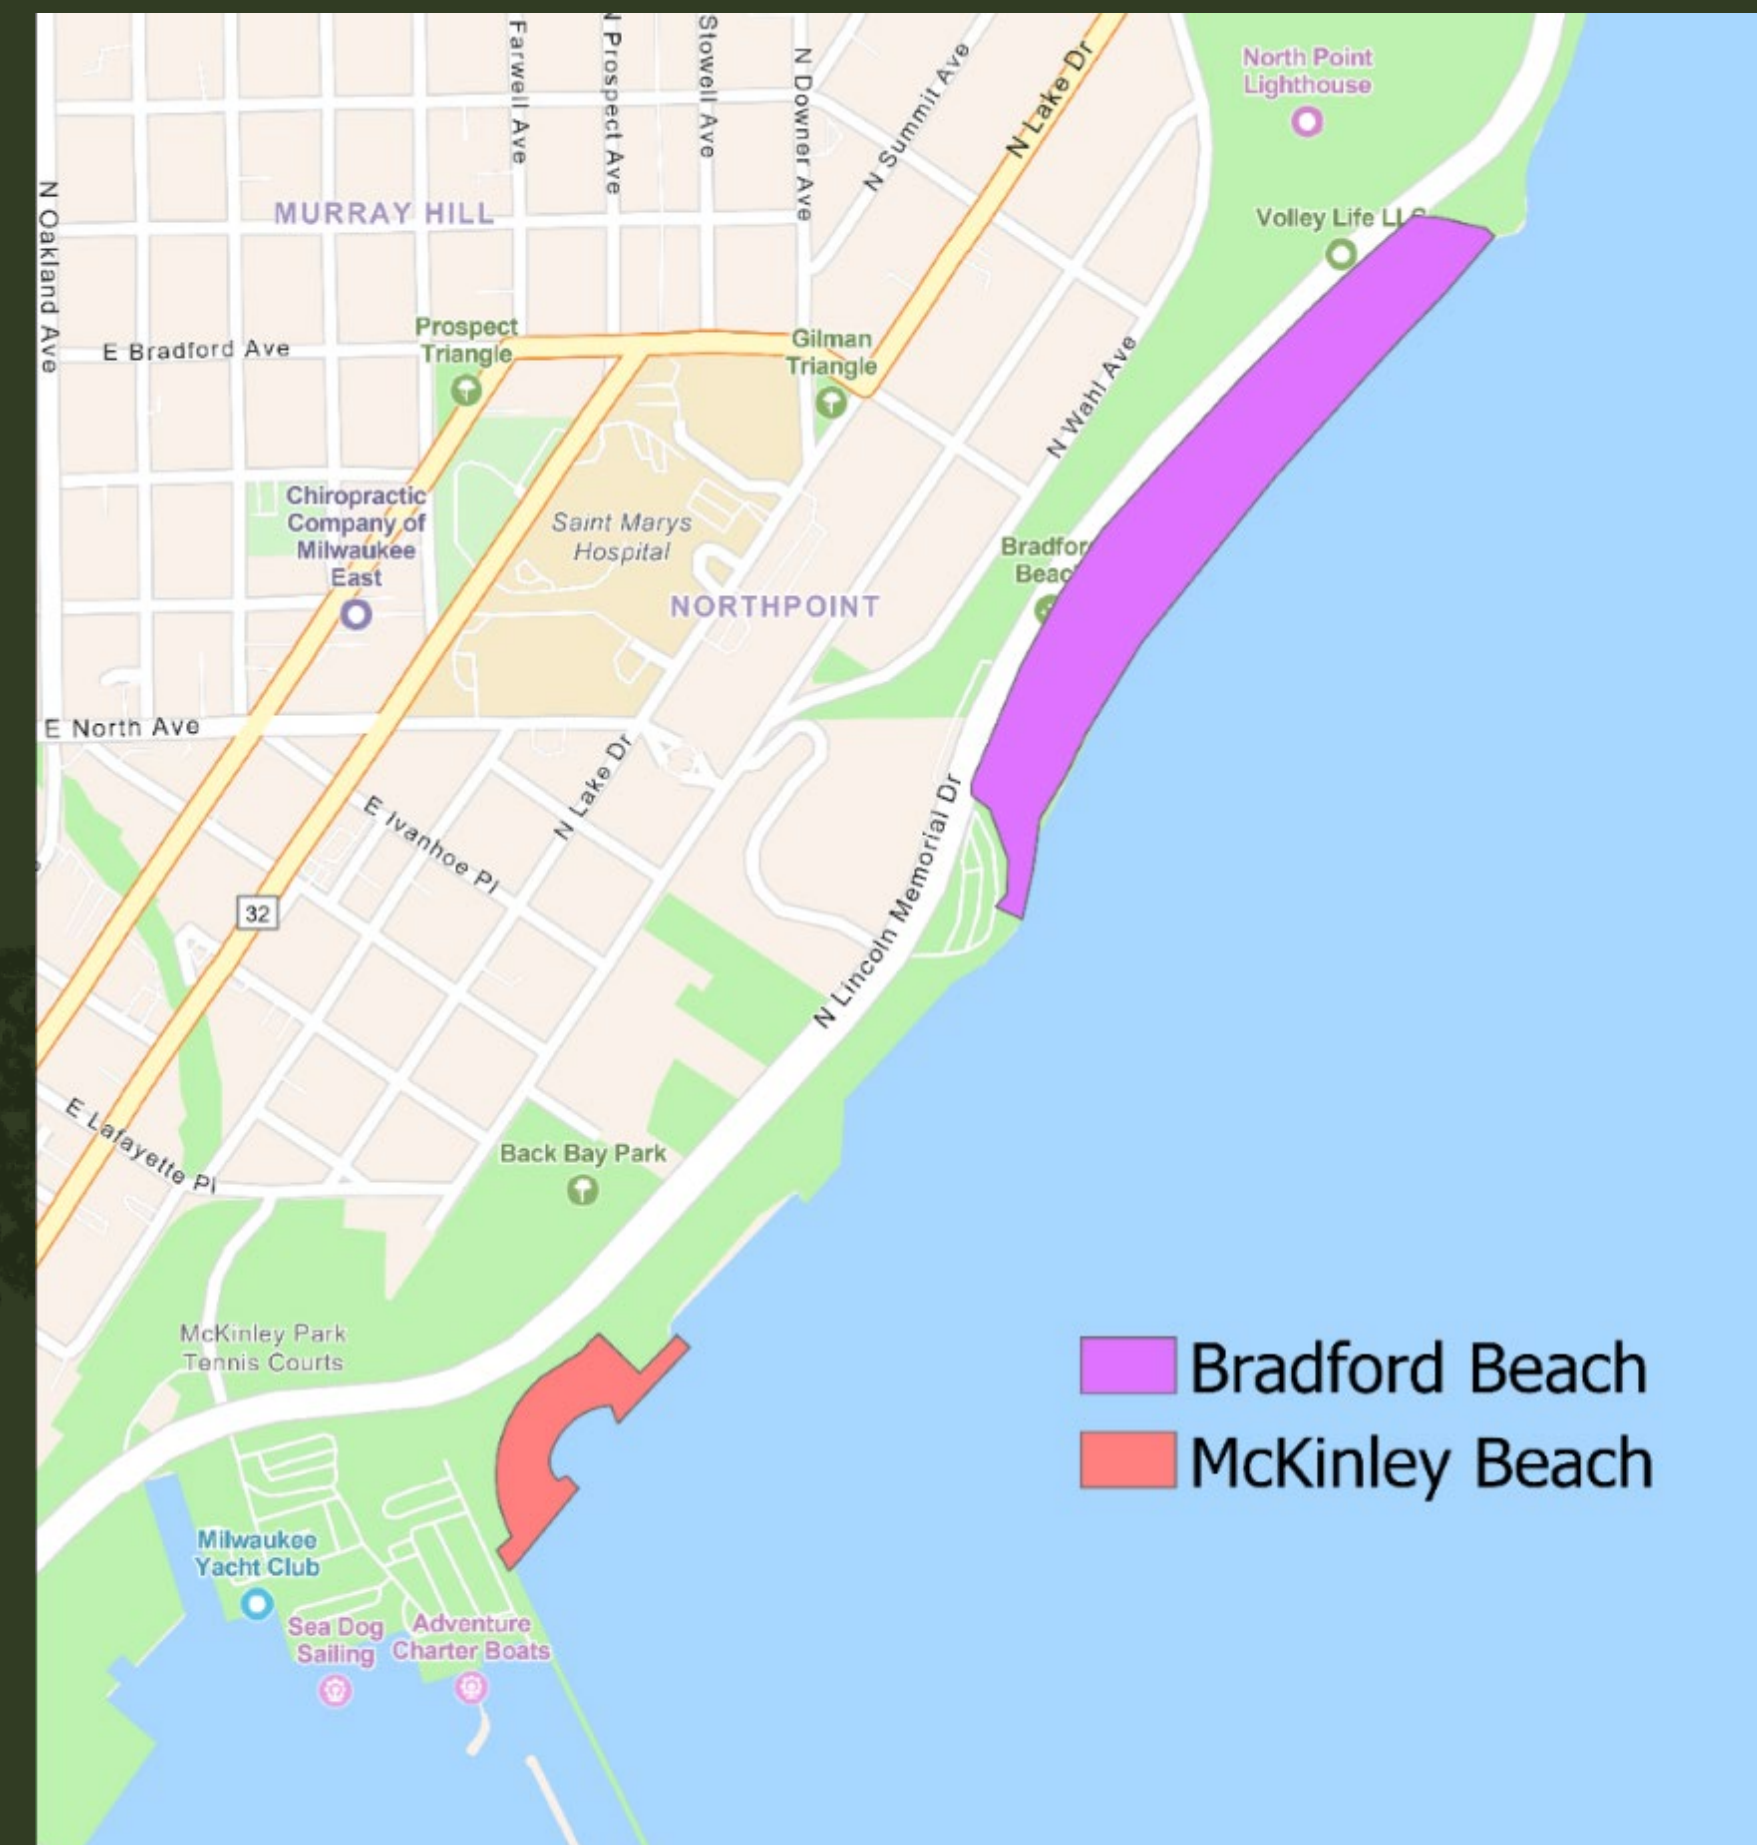

Kletzsch Park

- Grant Amount \$325,000
- 112 acres improved

Beach Improvements

Bradford and McKinley Beach Improvements

- Grant Amount \$200,000
- Improvements for water quality
- Bradford: Rain Garden Restoration and Beach Nourishment - adding beach sand to eliminate depressions/erosion and potential for standing water.
- McKinley: Features to deter gulls from the site
