DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. The Director of the Department of Health and Human Services (DHHS) is requesting retroactive authorization to execute a contract with Froedtert Memorial Lutheran Hospital (FMLH) for a building lease and exchange of services related to the operations of the Emergency Medical Services program and Communication Base for the period of January 1, 2014 through December 31, 2018.

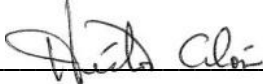

B. Under the terms of the proposed contract, in 2014, the County will make a payment to FMLH of \$79,310 for space, services and access, and also pay actual costs plus a fixed percentage fee on medical supplies and commodities. In 2014, FMLH will make a payment to the County of \$79,310 for paging and coordination of emergency medical services. The payments of both parties would increase to \$80,000 annually each year for the remainder of the contract term. The total contract amount being paid out by each agency over five years would be \$399,310.

C. There is no tax levy impact associated with approval of this request as sufficient funds are included as part of EMS' 2014 Adopted Budget. EMS will continue to include these funds in subsequent budget years for the remainder of the contract term.

D. No further assumptions are made.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
