From the Director, Department of Parks, Recreation, and Culture, requesting authorization to grant sanitary sewer, storm sewer, water main, and Natural Gas easements to the City of Milwaukee and WE Energies for public utility purposes in Pulaski Park – Milwaukee, by recommending adoption of the following:

**A RESOLUTION**

WHEREAS, the Milwaukee Metropolitan Sewerage District and its consultants are currently in the process of preparing construction documents to implement a project to both remove the concrete channel from a segment of the Kinnickinnic River in Pulaski Park, as well as restore a more natural riverbed on the adjacent parkland; and

WHEREAS, in March, 2017, File No. 17-224 was adopted by the Milwaukee County Board of Supervisors; and

WHEREAS, project plans have progressed, and certain existing public infrastructure elements have been identified as needing to be relocated to allow for the earthwork involved in the planned project; and

WHEREAS this utility infrastructure includes sanitary sewer, storm sewer, water main, and gas mains that are currently located in Pulaski Park; and

WHEREAS, the Committee on Parks, Energy, and Environment, at its meeting of December 5, 2017, recommended adoption of File No. 17-781 (vote 4-0); now, therefore,

BE IT RESOLVED, the work to relocate these infrastructure elements will be completed by the Milwaukee Metropolitan Sewerage District's contractors during the larger concrete channel and riparian enhancement project, planned to begin in mid-2018; and

BE IT FURTHER RESOLVED, the Department of Parks, Recreation, and Culture is hereby authorized to execute the necessary sanitary sewer, storm sewer, water main, and gas main easements to the City of Milwaukee and WE Energies for public utility purposes.
