AMENDMENT TO THE COUNTY EXECUTIVE'S 2025 RECOMMENDED BUDGET

By Supervisors Nicholson, Eckblad, Gómez-Tom, Shea, O'Connor, Capriolo, Rolland, Taylor (Dist. #5), Martinez, Bielinski, Logsdon, and Martin

This amendment makes the following adjustments:

Item	Expenditures	Revenues	Tax Levy
Eviction Free MKE	\$100,000	\$0	\$100,000
FAST Fund	\$200,000	\$0	\$200,000
Market Match	\$150,000	\$0	\$150,000
Birth-to-3	\$450,000	\$0	\$450,000
Spousal Surcharge	\$0	(\$660,000)	\$660,000
Investment Earnings	\$0	\$1,560,000	(\$1,560,000)
Total:	\$900,000	\$900,000	\$0

Amend the budget narrative for Agency 800 – Department of Health and Human Services to add the following narrative language:

Eviction Free MKE, operated by the Legal Aid Society, provides legal advice, representation, and education to low-income Milwaukee County residents facing eviction. Since its launch, the program has assisted over 10,000 households, increased tenant representation from 3% to 25%, and delivered a strong return on investment. An appropriation of \$100,000 is allocated to support the program, which is expected to be supplemented by additional grant funding to sustain legal representation for individuals facing eviction.

Amend the budget narrative for Agency 800 – Department of Health and Human Services to strike and replace the narrative language as follows:

~~Onetime funding of \$200,000 for the Milwaukee Area Technical College (MATC) Faculty and Students Together Fund (FAST Fund) to mitigate student housing insecurity is removed to meet the department's tax levy target for 2026.~~

The Faculty and Students Together (FAST) Fund, established in 2016 to address Milwaukee Area Technical College (MATC) student housing insecurity, provides emergency financial assistance to remove barriers to academic success. Since 2020, Milwaukee County has supported the FAST Fund's efforts to reduce food insecurity, transportation challenges, and housing instability among students. An appropriation of \$200,000 is provided to continue this support.

Amend the budget narrative for Agency 800 – Department of Health and Human Services to add the following narrative language:

Milwaukee Market Match doubles the value of Supplemental Nutrition Assistance Program (SNAP) benefits at participating farmers markets, helping residents access fresh, nutritious food while supporting local farmers. Established in 2020, the program has served individuals across 37 zip codes through numerous Milwaukee-area markets. An appropriation of \$150,000 is included to maintain support for this program.

Amend the budget narrative for Agency 800 – Department of Health and Human Services to remove the following narrative language:

~~The 2026 Budget provides the same level of funding as 2025 for local Birth-to-3 service providers. Birth-to-3 services are a federal entitlement, and local enrollment continues to grow since the start of the COVID-19 pandemic. Despite this growth in enrollment, federal aid remains stagnant.~~

Amend the budget narrative for Agency 800 – Department of Health and Human Services to add the following narrative language:

The 2026 Budget provides \$5,225,106 for local Birth-to-3 providers, an increase of \$450,000 to help retain existing providers while state and federal funding remains flat even as costs to provide the program have grown. These funds will also help ensure that children continue to receive essential vision and hearing services from sub-contracted providers. The Birth-to-3 budget is heavily reliant on county levy and community aids and the State's contracted allocation reflecting both state and federal revenue has remained flat at about \$2.7 million for several years. Birth-to-3 is a federal entitlement, and counties are mandated by the state to provide this service. As enrollment continues to grow, this puts additional strain on Birth-to-3 providers as revenues remain flat. This program is critical for the long-term development of enrolled children and without increased funding, it may cause a decrease in providers.

Amend Agency 194-1950 – Employee & Retiree Fringe Benefits as follows:

- Eliminate the spousal surcharge of \$50 per month.

Amend the narrative for Agency 194-1950 – Employee & Retiree Fringe Benefits as follows:

The following savings are included for plan design changes, and below is additional description behind these plan changes:

- ~~\$660,000 in assumed savings for implementing a \$50/month surcharge to continue coverage for spouses who have access to their own medical plan.~~

Spousal Surcharge: A significant share of the County's highest-cost claims come from spouses on the plan. Many spouses have access to their own employer-sponsored coverage but remain on the County plan because it is more generous and less expensive. The Department of Human Resources – Employee Benefits Division, in coordination with the County's healthcare actuaries, shall provide a report to the County Board no later than the June meeting cycle providing detailed metrics on spousal healthcare usage and access to alternative insurance coverage. It should also outline potential methods for waiving a future spousal surcharge for employees whose spouses do not have access to other health insurance options.

~~Charging a \$50 monthly surcharge for every spouse who remains enrolled ensures cost-sharing is more equitable. Employees still have the option to cover spouses, but the surcharge helps offset the added risk to the plan. This change also reflects that many of the County's largest claims are driven by spouses. Spousal surcharges are now standard across large public and private sector employers. Adopting this policy ensures Milwaukee County is keeping pace with industry norms.~~

Amend Agency 190-1992 – Earnings on Investments as follows:

- Increase Investment Earning Revenue by \$1,560,000 to \$16,406,737.

Amend the budget narrative for Agency 190-1992 – Earnings on Investments as follows:

Earnings on Investments: Earnings on investments income is derived from long and short-term investment of operating funds not required for immediate use. To maximize investment revenue, the County sets the investment policy and independent contracted investment advisors directly manage the funds. The 2026 budget for earnings on investments is ~~\$14,846,737~~ \$16,406,737, an increase of ~~\$1,612,493~~ \$3,172,193 from the 2025 adopted budget. This increase is based on the 2025 actual earnings and projections for 2026.

This amendment would increase the tax levy by \$0.

Agency No.	Department (or Capital Project)	Expenditure	Revenue (or Bonds*)	Tax Levy
190-1992	Earnings on Investments	\$0	\$1,560,000	(\$1,560,000)
194-1950	Employee & Retiree Fringe Benefits	\$0	(\$660,000)	\$660,000
800	Department of Health and Human Services	\$900,000	\$0	\$900,000
TOTALS:		\$900,000	\$900,000	\$0

AMENDMENT TO THE COUNTY EXECUTIVE'S 2026 RECOMMENDED BUDGET

By Supervisors Nicholson, Bielinski, Taylor (Dist. #17), O'Connor, Rolland, Taylor (Dist. #5),
Gómez-Tom, Martin, Coggs-Jones, Martinez, Eckblad, and Logsdon

Amend Agency 118 – Office of Strategy, Budget and Performance, Agency 370 – Office of the Comptroller, and Capital Improvement Project WC027604 – IJCC: Courthouse Complex Design to add the following narrative language:

Capital Improvement Project WC027604 – IJCC: Courthouse Complex Design represents a major effort to replace the Safety Building and update the adjacent Courthouse. In addition to the funds previously allocated and included in the 2026 Budget, projected costs from 2027 through 2030 exceed \$458 million. As planning moves toward demolition and construction, it is critical that policymakers receive detailed information about how these expenses will affect the County's operating budget, service capacity, and its ability to address a significant backlog of deferred maintenance across other facilities.

The Office of Strategy, Budget and Performance, in cooperation with the Office of the Comptroller and other departments as needed, is requested to prepare a comprehensive report on the project's fiscal impact. The report should include, but not be limited to, analysis of debt service, tax levy implications, and the County's self-imposed bonding limit. It should also assess how the project may constrain the County's ability to fund other capital needs, such as bus replacements or parks infrastructure improvements. The report shall be provided to the County Board no later than the July 2026 meeting cycle to help inform future decisions on whether to appropriate additional monies for the project.

This amendment would have no tax levy impact.

Amend the budget narratives for Agency 118 – Office of Strategy, Budget and Performance; Agency 370 – Office of the Comptroller; and Agency 580 – DOT – Director's Office to add the following language:

The Office of Strategy, Budget and Performance working in collaboration with the Office of the Comptroller and the Department of Transportation (DOT) shall submit a report to the County Board of Supervisors by the July 2026 meeting cycle evaluating options for the Vehicle Registration Fee (VRF), consistent with the authority granted under Wisconsin State Statute § 341.35(1). The analysis shall include projections of MCTS's future revenue needs and assess how potential changes to the VRF would affect transit operations, service levels, and fare structures. The report should also examine the broader fiscal impact of VRF adjustments on the overall County budget, including potential effects on levy-supported services, and the County's long-term financial stability.

Amend Agency 560 – DOT – Transit/Paratransit System and Capital Improvement Project
WC027604 – IJCC: Courthouse Complex Design as follows:

- Provide \$1,264,080 to Agency 560 - DOT - Transit/Paratransit System to restore Route 28 transit service
- Reduce the 2026 appropriation for WC027604 – IJCC: Courthouse Complex Design by \$1,264,080, from \$15,820,000 to \$14,555,920.

Amend the budget narrative for Agency 560 – DOT – Transit/Paratransit System as follows:

To remain within budget in 2026, MCTS is reducing bus service hours by an estimated 15% compared to the actual bus hours in 2025. This equates to ~~six~~five route eliminations (20, ~~28~~, 33, 34, 55, and 58), five route modifications (11, 22, 24, 80 and 88) and several route frequency reductions. This is due to the rising cost of service, reduced funding, and depletion of federal COVID-19 stimulus funds that were provided to MCTS.

This amendment would have no tax levy impact.

**AMENDMENT TO THE COUNTY EXECUTIVE'S

By Supervisor Wasserman

Amend the budget narratives for Agency 113 – Office of Corporation Counsel, Agency 114 – Department of Human Resources, Agency 118 – Office of Strategy, Budget and Performance, and Agency 370 – Office of the Comptroller to add the following narrative language:

Milwaukee County established the Omnibus Budget Reconciliation Act of 1990 (OBRA) Pension Plan in 1991 to provide retirement coverage for part-time, seasonal, and temporary employees who are not eligible for the County's main pension system. Administered by the Employees' Retirement System (ERS), the OBRA Plan is fully funded by the County, which also precludes paying the employer portion of FICA, offsetting its contributions. Employees likewise do not pay the 6.2% Social Security payroll tax.

Most OBRA participants do not accrue sufficient service to vest in a defined benefit, typically receiving small cash payouts after five years of inactivity or having funds escheated to the State if unclaimed. This structure often results in minimal retirement benefits for covered employees.

To improve long-term retirement security, the Department of Human Resources, working with the Offices of Corporation Counsel, Strategy, Budget and Performance, and the Comptroller, is requested to develop a proposal for a "soft close" of the OBRA Plan. This approach would avoid the complexities associated with fully terminating the OBRA Pension Plan to eligible participants. The plan should explore enrolling new hires in Social Security while preserving obligations to current members. A report outlining recommendations, fiscal impact, and implementation steps is requested to be submitted to the County Board no later than the July 2026 meeting cycle.

This amendment would have no tax levy impact.

Amend the budget narratives for Agency 113 – Office of Corporation Counsel, Agency 115 – Department of Administrative Services, and Agency 370 – Office of the Comptroller to add the following narrative language:

To expand opportunities for civic engagement and community investment, the Office of Corporation Counsel, working in collaboration with the Department of Administrative Services – Information Management Services Division (DAS-IMSD) and the Office of the Comptroller, is requested to explore the development of an online donation portal. The purpose of the portal is to provide a user-friendly and accessible platform through which members of the public can contribute financial support for County programs, initiatives, and projects.

The platform should also support civic crowdfunding for small-scale, quality-of-life improvements that may otherwise go unfunded due to budget limitations. Potential projects could include park amenities, public art installations, trail enhancements, or beautification efforts identified by County departments or through community input. The system should incorporate safeguards to ensure financial accountability, transparency for donors, and equitable criteria for project selection.

A report detailing the feasibility, implementation considerations, and estimated cost of developing such a platform is requested for submission to the County Board no later than the July 2026 meeting cycle.

Amend the budget narrative for Agency No. 113 – Office of Corporation Counsel and Agency No. 327 – Office of the County Clerk to add the following language:

The Office of Corporation Counsel and the Office of the County Clerk are requested to evaluate the independent redistricting process used to apportion county supervisory districts for the 2022 elections and to prepare for the next cycle following the 2030 census for the 2032 elections. As part of this review, the offices shall examine Milwaukee County General Ordinance § 3.01 - Apportionment of County Board and recommend amendments, if warranted, based on feedback from participants in the 2022 process. This shall include, but is not limited to, staff of the Southeastern Wisconsin Regional Planning Commission (SEWRPC) and the retired judges who served on the Independent Redistricting Committee. The purpose of this effort is to assess what worked well, identify deficiencies, and propose improvements well in advance of the next redistricting cycle. A written report summarizing the process, lessons learned, and any recommended ordinance revisions shall be submitted to the County Board for consideration no later than the September 2026 meeting cycle.

Amend Agency 560 – DOT – Transit/Paratransit System as follows:

- Provide an appropriation of \$4,785,785 in an allocated contingency account in the Agency 560 – DOT – Transit/Paratransit budget.

Amend the narrative of Agency 560 – DOT – Transit/Paratransit System as follows:

An appropriation of \$4,785,785 is included in an allocated contingency account within the departmental budget to help mitigate potential transit and paratransit service reductions described above. The Milwaukee County Transit System (MCTS) and the Department of Transportation (DOT) shall submit a report, as directed in File No. 25-687, with recommendations on the most effective use of these funds to prevent service reductions.

Amend Agency 190-1996 – County Sales Tax Revenue as follows:

- Increase County Sales Tax Revenue by \$1,981,688. (0.5% Portion of Sales Tax)

Amend the narrative for Agency 190-1996 – County Sales Tax Revenue as follows:

County Sales Tax Revenue: The 2026 sales tax budget includes the additional .4% as permitted by Wisconsin 2023 Act 12, which is budgeted in Agency 194 – Non-Departmental Expenditures and is not represented in this Agency. In 2026, sales tax budgeted in Agency 190 increases slightly by ~~4.6%~~ 4.3%. This is based on the reported collections to date.

Amend Agency 194-1951 – Fringe Benefits – Other Funding Sources (0.4% Sales Tax) as follows:

- Increase expenditures by \$1,116,968 and revenues by \$1,116,968 to reflect additional revenue generated by the 0.4% Sales Tax and allocating those funds to increase the amount applied to the Employer Normal Cost payment for the Employees' Retirement System (ERS).

Amend the narrative for Agency 194-1951 – Fringe Benefits – Other Funding Sources (0.4% Sales Tax) as follows:

Strategic Implementation: In 2026, the 0.4% sales tax revenue is projected at ~~\$85,553,984~~ \$86,670,949. Expenditures covered by the 0.4% sales tax include \$56,231,000 for the ERS unfunded liability payment, ~~\$7,671,666~~ \$8,788,634 for a portion of the ERS normal cost, and \$21,651,315 for a portion of the pension obligation bond debt service.

Amend Agency 194-1950 Employee and Retiree Fringe Benefits as follows:

- Reduce expenditures by \$1,116,968 to reflect the removal of the additional ERS normal cost paid by the 0.4% sales tax. Reduce revenues by \$121,750 to account for revenue loss in departments due to lower fringe benefit charges.

Amend Agency 504 – DOT – Airport as follows:

- Reduce expenditures by \$87,124 and revenues by \$87,124 to reflect lower fringe benefit charges and reimbursement.

Amend Agency 510 – DOT – Highway Maintenance as follows:

- Reduce expenditures by \$34,626 and revenues by \$34,626 to reflect lower fringe benefit charges and reimbursement.

Amend Agency 194-1930 – Offset to Internal Service Charges as follows:

- Increase expenditures by \$121,750 and revenues by \$121,750 to account for departmental fringe benefit changes.

Amend Agency 996 – General County Debt Service as follows:

- Based on bond sales held in October 2025, increase principal expenditures by \$1,790,000 and decrease interest expenditures by \$3,526,176. This is a net reduction of \$1,736,176 in general debt service expenditures and in tax levy. This also reduces the state-imposed tax levy limit by \$1,736,176. In addition, increase the contribution from the Debt Service Reserve by \$1,356,199 based on premiums and surplus bonds and notes from the recent bond sales.

Amend Capital Project No. WP074001 - Kosciuszko Community Center Rehabilitation as follows:

- Reduce tax levy funding for Capital Project No. WP074001 - Kosciuszko Community Center Rehabilitation by \$452,680 from \$1,294,090 to \$841,410.

Amend the narrative of Capital Project No. WP074001 - Kosciuszko Community Center Rehabilitation as follows:

Amend the Capital Budget to add New Capital Project No. WP074002 – Kosciuszko Community Center Roof and Skylights as follows:

- Provide \$452,680 in general obligation bonding to complete the full design for the roof and skylights of Kosciuszko Community Center.

Amend Capital Project No. WF061701 – Countywide Vehicle and Equipment Replacement—2026 as follows:

- Reduce expenditures by \$452,680 and general obligation bonding by \$452,680.

Amend the narrative for Capital Project No. WF061701 – Countywide Vehicle and Equipment Replacement-2026 as follows:

2026 Scope of Work:

The Director of Fleet Management shall prioritize the Purchase of replacement vehicles and equipment within available appropriations. as follows:

Amend the narrative of Agency 996 – General County Debt Service as follows:

DEBT SERVICE EXPENSES: The 2026 Budget includes appropriations of ~~\$83,920,000~~ \$85,710,000 and ~~\$49,736,547~~ \$16,210,371 for principal and interest payments associated with general obligation debt. The total 2026 debt service amount of ~~\$403,656,547~~ \$101,920,371 is an increase of ~~\$41,933,172~~ \$10,196,996 compared to the 2025 Budget amount of \$91,723,375

RESERVE FOR COUNTY BONDS: The 2026 contribution from the Reserve for County Bonds is ~~\$9,773,278~~ \$11,129,477. This includes \$342,078 of various bonds and notes and \$1,356,199 of premiums and surplus bonds and notes from the 2025 bond sales that are eligible to be used to pay 2026 debt service expenses.

This amendment would decrease the tax levy by \$1,736,176. It would also reduce the tax levy limit by \$1,736,176.

**AMENDMENT TO THE COUNTY EXECUTIVE'S
2026 RECOMMENDED BUDGET**

By Supervisors O'Connor, Rolland, Nicholson, Martinez, Coggs-Jones, Martin, Vincent, Gómez-Tom, Taylor (Dist. #5), Logsdon, and Bielinski

Amend the budget narratives for 560 – DOT – Transit/Paratransit System to add the following language:

Strategic Implementation:

MCTS is working diligently with our paratransit vendor, Transdev, to provide safe, reliable and customer friendly service in a cost-efficient manner. Transit Plus monitors Transdev's ongoing performance for improvements, paying particular attention to ride reliability and service productivity; these are contractual obligations of Transdev. In 2026, MCTS will continue to provide paratransit service for all of Milwaukee County, border to border.

While Milwaukee County remains committed to delivering high-quality service, concerns have been raised that paratransit van service has not consistently met expectations. MCTS, in collaboration with the Department of Transportation, and with input from paratransit riders and from advocacy organizations, shall evaluate current operations and recommend strategies to improve the rider experience, focusing on reliability, accessibility, timeliness, and overall customer satisfaction. A report with findings and proposed solutions shall be presented to the Milwaukee County Board of Supervisors by the July 2026 meeting cycle.

Paratransit users will benefit from the rollout of WisGo, a modern fare collection system that simplifies payments and uses the same technology on both fixed route and paratransit vehicle rides.

This amendment would have no tax levy impact.

AMENDMENT TO THE COUNTY EXECUTIVE'S 2026 RECOMMENDED BUDGET

By Supervisors Rolland, Nicholson, Vincent, O'Connor, Capriolo, Gómez-Tom, Logsdon, Martin, Martinez, and Shea

Amend the budget for Agency No. 114 – Department of Human Resources, Agency 370 – Office of the Comptroller and Agency 560 – Department of Transportation - Transit/Paratransit System to add the following narrative language:

Milwaukee County and the Milwaukee County Transit System (MCTS) both use the Dayforce payroll platform but currently operate on separate systems.

In 2026, the Payroll Division of the Office of the Comptroller, in collaboration with the Department of Human Resources, Department of Transportation, and MCTS, shall evaluate the feasibility of merging MCTS payroll operations into the County's system.

The review shall identify:

- The estimated costs and potential savings of integration.
- Operational efficiencies that could be achieved through a unified payroll structure.
- Recommendations for implementation, including timelines and any required system or staffing changes.

The Comptroller shall present their findings and recommendations to the County Board of Supervisors by the April 2026 meeting cycle.

This amendment would have no tax levy impact.

By Supervisors Rolland, Nicholson, Taylor (Dist. #5), Capriolo, Martin, Logsdon, Gómez-Tom, O'Connor, Martinez, and Vincent

Amend the budget for Agency No. 370 – Office of the Comptroller to add the following narrative language:

Milwaukee County has invested more than \$20 million to transition to the Infor Enterprise Resource Planning (ERP) system, integrating core business functions into a single platform to improve efficiency, data accuracy, and coordination across departments. To fully realize the benefits of this investment, all County departments must transition their financial reporting and related functions to the Infor ERP platform.

In 2026, the Office of the Comptroller shall convene key stakeholders to identify the steps, timelines, and costs necessary to complete this transition for departments not yet utilizing the Infor ERP system. Participating stakeholders shall include representatives from the Office of Strategy, Budget and Performance (OSBP), Department of Transportation (MCDOT), Milwaukee County Transit System (MCTS), Department of Health and Human Services (DHHS), and Department of Human Resources – Retirement Plan Services (RPS), as well as any other departments the Comptroller deems necessary.

The Comptroller shall report its findings and recommendations to the County Board of Supervisors no later than the April 2026 meeting cycle.

It is the policy of Milwaukee County that, until this transition is completed, the Office of the Comptroller shall be granted direct access to all financial systems not currently operating within the Infor ERP platform to ensure clarity, consistency, and transparency in countywide financial oversight and reporting.

**AMENDMENT TO THE COUNTY EXECUTIVE'S
2026 RECOMMENDED BUDGET**

By Supervisors Rolland, Taylor (Dist. #17), Martin, Taylor (Dist. #5), Capriolo, Logsdon, O'Connor, Martinez, and Vincent

Amend the budget narrative for Agency 560 – DOT – Transit/Paratransit System to add the following narrative language:

In May 2025, the system-wide fare evasion rate for the Milwaukee County Transit System (MCTS) rose to approximately 33%, resulting in more than \$9 million in uncollected revenue. To address this issue, MCTS will implement a 2026 Bus Fare Compliance Pilot Program that includes the deployment of uniformed security personnel at high-evasion bus stops and on-board buses to create a visible presence that deters fare evasion while enhancing safety and security.

Program effectiveness shall be evaluated in part by comparing Automatic Passenger Count (APC) data to fare collection data to assess changes in fare compliance. MCTS shall provide a report to the Milwaukee County Board by September 2026 evaluating the outcomes of the pilot and recommending next steps for fare enforcement and compliance.

An appropriation of \$570,965 is allocated for the pilot program, covering wages and overhead for uniformed security staff.

Amend Project No. WR021601 – CJF – Camera Replacements as follows:

- Reduce the 2026 appropriation for WR021601 – CJF – Camera Replacements by \$570,965 from \$620,965 to \$50,000.

Amend the budget narrative for Project No. WR021601 – CJF – Camera Replacements as follows:

2026 Sub-Project Addresses the following item/issue:

This project replaces end-of-life surveillance cameras for the purpose of improving visual coverage, improving safety, and reducing risk liability in the MCJ, Courthouse and Safety Building and the surrounding perimeter. This project replaces approximately 408 cameras in need of urgent replacement with installation costs and necessary storage to accommodate 90 day retention. The current system began replacement with the adoption of the 2015 capital project WO44701 CCFC Camera System Phase 1.

This project supports MCSO's mission of ensuring public safety inside the MCJ, Courthouse and Safety Building. MCSO will better monitor these environments and react to any stresses more efficiently. A more robust camera system decreases response times to incidents, decreases conflict escalation, decreases use of force and decreases illegal activity.

Cost savings will occur with a wider coverage area and higher quality video. Because this is a more robust system, more square footage of these buildings can be monitored, and higher quality video

evidence is produced. Risk liability will be reduced because of better monitoring of movement throughout these buildings and improved detection of suspicious or criminal activity. High quality video is one of the best sources of evidence for criminal prosecution and liability claims.

Leveraging a high-quality video surveillance system will result in the following:

- Detection of illegal or problem behaviors that may otherwise go unseen or unrecorded.
- Increased employee safety and productivity.
- Improved monitoring of officer conduct
- Improved monitoring of occupant conduct
- Reduced number of lawsuits and complaints
- Reduced county liability
- Improved public safety

The surveillance and camera systems within this project are not included in the cost and scope of existing capital project WY062508-Courthouse Complex Security Technology, which generally includes systems covering Courthouse complex public spaces and exterior building areas as opposed to interior department locations within the Courthouse complex.

2026 Scope of Work:

The scope of work includes the purchase of cameras that need urgent replacement especially in the County Jail ~~408 cameras~~ and mounts to replace EOL cams that are failing at a high rate, resulting in lost video footage and increases the risk to the county. The county can reuse the existing camera license and storage along with the cat6 network cable. Tech will remove old camera and dispose of the equipment and install new camera and mount. The new cameras are higher resolution, better IR capability for nighttime viewing and AI capable to allow for object detection (person, face, vehicle type, plate, person tracking), digital auto tracking, and other capabilities.

2027 - 2030 Scope of Work:

None. 408 cameras have been identified to be replaced in the Courthouse Complex. Cameras that are not replaced in 2026 with allocated funds would be scheduled to be replaced in upcoming years.

This amendment would have no tax levy impact.

Amend the 2026 Recommended Capital Budget as follows:

- Reduce the general obligation bonding for Capital Project No. WC028501 – Courthouse Power Upgrade by \$11,410, from \$4,902,080 to \$4,890,670.
- Allocate \$118,000 in general obligation bonding to Capital Project No. WP074601 - Cooper Park – Parking Lot Redesign and Replacement as follows:

An appropriation of \$118,000 is included for planning and design of a new asphalt parking lot in Cooper Park. The existing pavement, originally constructed as basketball courts, was last assessed in 2018 and rated the worst asphalt surface in the County Park system, likely due to its age and original design. This project is essential for ensuring ADA accessibility and safety, supporting the 60-person rental hall, the beer garden, and the site's function as a polling place for two wards.

AMENDMENT TO THE COUNTY EXECUTIVE'S 2026 RECOMMENDED BUDGET

By Supervisors Alexander, Martin, Logsdon, and O'Connor

Amend Agency 114 – Department of Human Resources, Agency 118 – Office of Strategy, Budget and Performance, Agency 370 – Office of the Comptroller, Agency 400 – Office of the Sheriff, and Agency 430 – Community Reintegration Center to add the following narrative:

The MCSO and CRC face persistent understaffing due to long training pipelines, ordinance requirements related to the hiring, training, and staffing processes, and reliance on mandatory overtime, which creates conditions that contribute to staff burnout and operational instability.

While MCSO and the CRC already have established training programs, the current system is constrained by the timing of vacancies. Due to frequent turnover, positions often remain vacant for extended periods because new hires cannot begin training until a vacancy officially opens. This delay exacerbates challenges related to vacancy rates, turnover, and overtime. The proposed training pipeline program would allow for preemptive training for new hires, based on expected vacancies, rather than waiting for positions to open. This approach would help reduce the impact of turnover and better align staffing levels with departmental needs.

The Office of the Sheriff and the Community Reintegration Center, in coordination with the Office of Strategy, Budget and Performance, Office of the Comptroller, and Department of Human Resources, shall submit a report to the County Board by the May 2026 meeting cycle with a purpose of collaboratively addressing critical vacancies, extended training pipelines, and excessive overtime within the MCSO and CRC by identifying opportunities for a Staffing Stabilization Initiative beginning in 2026. This report shall be titled "**Staffing Stabilization Initiative Report – [Date of Report]**" and shall be submitted to the County Board for committee assignment and directly to all County Supervisors, in anticipation that future updates to the report may be requested on a recurring basis depending on the outcomes of information provided in this first report.

The report shall:

- Explore options for proactively recruiting qualified candidates for deputy and correctional officer positions, while examining current and past recruitment resources and methods as well as those used by other law enforcement agencies or detention centers that have experienced better rates of qualified applicants in comparison to total applicants that what Milwaukee County has recently experienced;
- Explore options for navigating the hiring process and onboarding new deputies and correctional officers prior to FTE vacancies becoming officially vacant, with the goal of reducing staffing shortages, reducing mandatory overtime for other staff, and minimizing overtime costs;
- Assess funding options and needs within existing departmental resources and ensure alignment with collective bargaining agreements;

- Report on the minimum and maximum amounts of time needed to complete each part of the recruitment and training processes for each of deputy and correctional officer roles, and identify if they are different between the MCSO and the CRC and if so how;
- Identify prerequisite steps in the hiring process (for example if a person must pass a background check before they can get an interview, or pass a drug test before they can take a physical fitness test, etc.);
- Identify which state rules (or law enforcement standards board rules) dictate and affect how and why some of these processes are the way they are, with specificity to which specific statutes or rules are applicable;
- Delineate which parts of the recruitment and training and hiring processes are carried out by the Department of Human Resources, and if this has historically changed in the last two years and if so, how and why;
- Identify how many personnel and how much of a budget each of CRC and MCSO (and HR on their behalf) have for recruitment purposes;
- Identify what percentage of staff in mandatory overtime roles are single parents of children age 12 or below to the extent known;
- Identify potential options for altering policy or practice to better offer work-life balance for single parents who must work mandatory overtime – especially when it would require second or third shift work when licensed childcare is not generally available;
- Discuss whether voluntary overtime lists are used with fairness tracking;
- Identify if there are any schedule models that could be reviewed or implemented for minimal family impact for employees;
- Identify any prospective possibilities in, or barriers to, creating options for part-time correctional officer and deputy positions for the explicit purpose of relieving staff from too much overtime and burnout;
- Identify if the county ordinance would need to be changed to authorize hiring and beginning training in excess of authorized FTES and at what level (10%, 15% etc.) would be needed/recommended and why; and
- Consider at what point would the departments need to consider expanding their training class offerings to be more frequently and what resources would they need for trainers, supplies, or to offer another shift of training options, and when that point is reached, how those needs would be preemptively identified, communicated, requested, or planned for implementation so that a lack of training personnel, facilities, or other resources would not become an unanticipated barrier at a future date to continuing on a successful path to continuing to reduce overtime and implement staffing stability.

This amendment would have no tax levy impact.

Amend the budget narrative for Agency No. 113, Agency No. 115, Agency No. 370, and Agency
No. 800 to add the following language:

Since housing is a critical community need and is one of the key social determinants of health, it is imperative for Milwaukee County to explore all possible options to increase access to housing. The barriers for developing affordable housing are increasing, which causes difficulty in closing funding gaps for affordable housing projects. For this reason, the Milwaukee County Housing Division, the Economic Development and Real Estate Division, Office of Corporation Counsel, and the Office of the Comptroller are requested to evaluate the efficacy of creating a revolving loan fund to support affordable housing projects in Milwaukee County. A report summarizing the findings shall be submitted to the County Board for consideration no later than the May 2026 meeting cycle.
