## DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.<sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

---

<sup>1</sup> If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.

<sup>2</sup> Community Business Development Partners' review is required on all professional service and public work construction contracts.

- A. The approval of the requested action item will allow IMSD to construct a 180 foot tower, an equipment storage building, a generator, appropriate connections for gas, electric and network, and a security fence to meet the needs of the Milwaukee County Public Safety Radio System.
- B. The cost related to the proposed contract is \$1 per year for the life of the contract. The City of Milwaukee will pay for all utility cost related to the Milwaukee County public safety radio system.
- C. There are sufficient funds allocated in the 2015 budget as well as budgets in the out years.
- D. IMSD assumes that construction will be complete in spring of 2015 and that capital project WO514, Build Out Ten Sites to Digital will cover all construction costs.
