SUBJECT:

Report on Vacant and Funded Positions

Issue

Board Resolution 08-231, approved in June 2008, requires the Department of Administrative Services (DAS) to provide an annual report itemizing vacant and funded positions in each department. This report must also specify the reason that funded vacancies have not been filled.

Background

DAS distributed a list of vacant and funded positions as of May 8, 2013 to each department and asked department staff to indicate the reason for the vacancy. Only full-time positions are included in the analysis. Vacant funded positions that are being used to offset the salary expense of a filled, unfunded position were also excluded from the totals.

As of May 8, 2013, there were 478.7 full time equivalent (FTE) funded and vacant positions. This total represents 11.62% of funded full-time FTE. This compares to 549.9 FTE funded and vacant positions as of May 2012 (11.4% of total). The 2013 total is lower than the five-year rolling average of 548.9 FTE. The attached tables provide summary and detailed information regarding funded and vacant positions.

Highlights of the findings:

- The 2013 Adopted Budget includes an adjustment to salary expenses to account for vacancy and turnover (V&T). This adjustment equates to 206.7 FTE, or 4.2% of total salary expense.
- Of the 478.7 FTE vacant and funded positions, departments are holding 68.3 FTE (12.4% of the total)
 vacant in order to manage departmental budgets and meet V&T amounts.
- 40.3% of the positions identified as vacant and funded are in the process of hiring (either recently filled, hiring in process, or on continuous recruitment). Departments are planning to fill another 78.6 FTE, or 14.3% of the total, later in the year.
- 46.3 FTE of the 100.0 vacant positions in BHD are not filled because organizational needs have changed. These positions may be affected by staffing changes as part of the Mental Health Redesign initiative.
- The Office of the Sheriff reports that 21.0 FTEs are being held vacant since inmate medical and mental health services are now being provided via contract with Armor Correctional Services.
- In the House of Correction, 39.0 Corrections Officer positions are on continuous recruitment. An additional 13 Corrections Officer positions were recently filled by transfers from the jail.

Recommendation

This is an informational report. No action is necessary.
