## DESCRIPTION OF FISCAL EFFECT

**In the space below, you must provide the following information. Attach additional pages if necessary.**

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. <sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. The Office of the Comptroller (Comptroller) is requesting approval requesting approval to process an administrative appropriation transfer to reconcile surplus and deficits in projects that will be closed (listed on Attachments A and B); lapse the remaining estimated \$2,378,157 of net surplus funds from lapsing Corporate Purpose projects to the Debt Service Reserve; and make entries to the appropriate airport balance sheet account(s) to offset an estimated \$159,283 shortfall from lapsing airport projects.

B. There are no direct costs. See item C for budgetary impact.

C. Non-airport capital project fund expenditure appropriations of \$5,183,205 and budgeted revenues of \$2,805,048 are requested to be lapsed.

Excluding Airport appropriations and revenues, a net surplus of \$2,378,157 will be deposited into the County's debt service reserve.

Airport capital project fund expenditure appropriations of \$1,584,126 and budgeted revenues of \$1,743,410 are requested to be lapsed. The resulting deficit of \$159,283 will be accounted for in the appropriate airport balance sheet account (s).

D. All final closing entries have been made for projects requested to be lapsed. If additional entries are made then the lapsed amounts will be modified as needed.

<sup>1</sup> If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
