Measurable Successes 2026: Share One or More

Indian Council for the Elderly

I was nominated by the ICOTE Board of Directors for the role in late August of this year, interviewed, and officially offered the role. There has been a lot of support throughout my onboarding from the ICOTE Board, contractors, and a previous E.D. of the organization. Since stepping into the role, attendance has risen, and from what the Elders have shared with me, the environment has become more enjoyable. I drafted and my first 12-month program for grants and sponsorship.

Challenges in 2026: Share One or More

Indian Council for the Elderly

I am the third Executive Director for the organization this year. Unfortunately, there was over a month gap from when the previous E.D. was in the role to when I started. So actively running the day-to-day operations has taken most of my time, leaving little time for administrative duties within the remainder of my allotted time.

Service Improvements or Changes Made in 2026

[Agency/Project Name]

Although grants and sponsorships are pending, I have begun the quality-of-life improvement programming initiatives that were drafted, based on the direction envisioned that aligns with ICOTE's mission.

Anything Else You'd Like to Share That Was Not Asked, and/or Is There Anything the Commission on Aging Can Do for You?

I am not familiar with the relevant resources available to the Elders. So please, share away! Not knowing what I don't know, it leaves such a huge gap as to who to ask what questions to. I am by far not opposed to asking for help, but I don't have a good enough scope of the organization or the community yet.
