## DESCRIPTION OF FISCAL EFFECT

**In the space below, you must provide the following information. Attach additional pages if necessary.**

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
  - B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.<sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
  - C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
  - D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- 
- A. Approval of this resolution supports and promotes the philosophy and principles of open, accessible, efficient, and transparent government that promote civic engagement by endorsing the expansion of Open Data in Milwaukee County government. The Department of Administrative Services – Information Management Services Division (DAS-IMSD), working in conjunction with other staff as needed, is requested to develop administrative guidelines for a technical platform for an Open Data Portal that is supportable, updateable, and accessible. DAS-IMSD is requested to provide a report to the County Board of Supervisors for consideration no later than the September 2022 meeting cycle on the steps taken to expand the Open Data initiative and resources that may be needed to facilitate the effort.
  - B. There are no additional direct costs related to this resolution. An expenditure of staff time will be required to develop the administrative guidelines and provide a report.
  - C. This resolution does not have a budgetary impact in 2022 or subsequent years. Future expansion of the Open Data Portal, however, may result in additional costs or staff time that have not yet been identified.
  - D. No assumptions were used.

---

<sup>1</sup> If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.

<sup>2</sup> Community Business Development Partners' review is required on all professional service and public work construction contracts.
