I fully support the changes to MCTS improvements, including the route 18, that will stop at the VisABILITY Center, 1540 South 108 Street in West Allis.

As many of the employees are visually impaired at Beyond Vision, having efficient and accessible transportation will eliminate one common barrier to seeking and maintaining sustainable employment.

I support the proposed route changes. In particular, the changes to Route 18 that includes the VisABILITY

Center (Beyond Vision) at 1540 S. 108th St. as a stop and layover. This change will enhance the transportation options for people who are blind or visually impaired that work at Beyond Vision.
