## **DESCRIPTION OF FISCAL EFFECT**

## In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.<sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- A. Approval of this resolution authorizes and directs the Department of Parks, Recreation and Culture to change the name of Johnsons Park to Clarence and Cleopatra Johnson Park.
- B. Approval of this resolution authorizes an appropriation transfer of \$9,750 from Agency 194, Org. Unit 1945 - Appropriation for Contingencies to an appropriate account in Org. Unit 9000 – Department of Parks, Recreation and Culture.
- C. Approval of this resolution requires a one-time appropriation transfer of funds from contingency as monies were not allocated for this purpose in the Parks' current budget. Therefore, \$9,750 is allocated from Agency 194, Org. Unit 1945 Appropriation for Contingencies to an appropriate account in Org. Unit 9000 Department of Parks, Recreation and Culture. The Office of the Comptroller determined the balance of the Appropriation for Contingency account was \$4,078,985 for actions approved by the County Board through the July 2022 meeting cycle.

Assuming none of these contingency funds are spent, the Comptroller is projecting a year-end surplus/deficit of \$0 (break-even). This figure is likely to change as fiscal results are reported to the Office of the Comptroller each month. Use of funds from the Appropriation for Contingencies either decreases the County's overall surplus at year's end or increases its deficit. This resolution does not authorize or obligate further allocations beyond the funds authorized in this resolution.

<sup>&</sup>lt;sup>1</sup> If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.

<sup>&</sup>lt;sup>2</sup> Community Business Development Partners' review is required on all professional service and public work construction contracts.

D. No assumptions were used.
