Hello Bill,

I am happy to share additional information on the proposed North Point project with you. Please see the attached Word document for an outline of the questions about the project asked by LDAC and the responses by our consulting Coastline Engineer at SEH.

More information on the project, including the design renderings can be found at this link:

Hi Bill,

The project team for the North Point project is planning to provide follow-up information to LDAC in writing based on previous discussions, but we do not believe it requires an action item. More soon.

Thanks, hope you are well-
Sarah

Dear Guy and Sarah,

I am scheduling a meeting of LDAC either Nov. 2 or 3. Should the proposal for improving the North Point parking lot be included on the agenda? You may recall that LDAC held a public meeting on the matter but postponed action on a recommendation because of the need for more information on the project. Bill Lynch
