## DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.<sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

- A. The Director, Department of Health and Human Services (DHHS), is requesting approval to enter into a 2023 contract with the State of Wisconsin to operate the Aging and Disability Resource Center (ADRC) under the State's Family Care Program for the period January 1, 2023 through December 31, 2023.

Approval of this request will ensure the continued availability of reliable and objective information about the broad range of programs and services available to Milwaukee County residents with disabilities, ages 18 to 59, and older adults. This includes access to publicly-funded long-term care programs including Family Care and IRIS.

- B. Approval of this request will enable DHHS Aging and Disabilities Services to accept \$5,489,585 in revenue. The total 2023 ADRC Budget is about \$12.7 million which is supported by the \$5,489,585 in State contracted funding, \$2.4 million in tax levy, \$945,000 in Basic County Allocation (BCA) and federal match revenue of \$3.9 million.
- C. The 2023 ADRC contract totals \$5,489,585 and is the same as the 2022 ADRC contract.
- D. No further assumptions are made.
