BACKGROUND

The MCSO requires a total of six positions of Corrections Manager (working title Captain) for Shift Command, two per shift to provide adequate supervisory coverage at the Criminal Justice Facility (CJF) 24/7. The 2023 Adopted Budget for the CJF includes four positions of Corrections Manager (working title Captain) for the CJF for Shift Command. One additional position is requested to cover full Shift Commander responsibilities. Even though this change will not result in fully staffing the CJF Shift Commander needs, as we will still be short one Corrections Manager (working title Captain), it allows our agency to get closer to full staffing needs. Currently we try to backfill Shift Commander duties with sworn staff when we can.

Corrections Managers (working title Captain) serve as the on-site shift commander and

make the final decisions in the following areas:

- Correctional Emergency Response Team (CERT) activities and authorization of UOF activities
- Staffing and overtime decisions
- Discipline for both staff and occupants
- Emergency preparedness – serves as Incident Commander, supervises and implements emergency procedures
- Updates and ensures compliance with Policies and Procedures
