Milwaukee Public Museum

Date: May 12, 2023

To: Chairperson Sheldon Wasserman, Committee on Parks and Culture Kelsey Evans, Committee Coordinator

- CC: Janelle M. Jensen, Legislative Services Division Manager, Office of the Milwaukee Clerk requesting that the report be appended to the existing established Reference File P 23-46
- Subject:Report from the Milwaukee Public MuseumResults for the seven months ending March 31, 2023

The Mission of the Milwaukee Public Museum is to inspire curiosity, excite minds and increase desire to preserve and protect our world's natural and cultural diversity through exhibitions, educational programs, collections, and research.

Current State of the Museum

The museum continues to exceed our projections for attendance. When the budget was approved, we had projected attendance to be slightly lower than pre-pandemic attendance. Between September and March, attendance was 25% ahead of projection. April and May are as projected. Part of the attendance success can be attributed to the exhibit Survival of the Slowest which hosted close to 70,000 visitors and closed to the public on May 19.

MPM Research Curator of Cultural Collections Dr. Aaron Atencio participated in a panel hosted by the Milwaukee Art Museum's Herzfeld Center for Photography and Media Arts. Haberman Local Luminaries brings together a set of cross-disciplinary voices to share ten-minute reflections on artworks in a feature photography exhibition. Notable figures from our region, including Aaron, offered new perspectives about the works on view in Native America: In Translation.

MPM is hosting its annual Bioblitz on June 9-10 at Havenwoods State Forest (6141 N. Hopkins Ave, Milwaukee)- scientists and surveyors will start counting species at 3 pm on Friday and go through the night to 3 pm on Saturday. On Saturday, the event is open to the public, with activities from 10 am-3 pm and a community lunch. MPM is working with Milwaukee Community Schools Partnership Green Schools to coordinate a family shuttle to this year's event. Activities include making your own plant press, pond scooping, bird, butterfly, nature walks, and more. Activities are good for people of all ages and abilities.

Dr. Zaspel, Vice President and Academic Dean, was showcased in Milwaukee's Notable Women in STEM, a special editorial feature within BizTimes Milwaukee's March 27, 2023 issue.

New Museum progress

Over the past quarter, MPM rolled out the plans for the new museum exhibits. Every few weeks another gallery was revealed and highlighted. We started with *the Time Travel Gallery* which will take visitors on a journey back in time through the time when the first humans appeared to the time of the dinosaurs and all the way back to when Wisconsin was covered by a shallow warm water sea (425MYA). The next

Milwaukee Public Museum

gallery to be revealed was the *Wisconsin Journey Gallery* – a gallery focused on the geologic wonders and varied cultures of Wisconsin. The next reveal was the spiritual successor to the *Streets of Old Milwaukee* – named *Milwaukee Revealed*, the exhibit will immerse visitors in city streetscapes where they can explore and learn about Milwaukee's history, the people who settled it and live here, and the interconnectedness of the natural systems with the city. The fourth gallery is called *Living in a Dynamic World* which will take visitors on an unconventional journey to five distinct ecosystems across the globe, where they will be immersed in the landscapes and cultures that occupy them. And the final reveal was the *Rainforest* and *Butterfly Vivarium* where visitors will learn about the wonders of the tropics that support a rich array of biodiversity. The live butterflies come to us from the tropical rainforests.

The library inventory is on track at about the same pace as last quarter - 46,800 items inventoried and verified/checked in Worldcat. Barcoding is in full force. Of our 23,000-item goal for the glass and ceramic collection, we're nearing the 20,000-item mark for completed barcodes (printed, associated and attached to objects). We've also started writing procedures for packing. We've separated the collection into shape categories by material type and have distinct packing plans for each group. We are experimenting with creating short, 1–2-minute videos demonstrating how to pack each type of group as well.

The company that builds collection storage systems (Spacesaver) visited in April. Two representatives toured the entire Natural History collections (consisting of 15 distinct spaces) and spoke with C/R staff about their collections. The Cultural collections will be assessed in Summer '23. We're also working closely with the architectural team to determine building specifications that will affect future collections cabinetry.

Progress also continues with the site for the new museum. The second building is being demolished and environmental and geotechnical testing on-going.

MPM Federally Funded Projects

Research Curator of Botany Dr. Christopher Tyrrell and Community Engagement and Advocacy Officer Dawn Koceja submitted a grant proposal to the National Science Foundation as a part of a nationwide consortium of forty institutions. Their proposed project seeks to digitize tree specimens held at each institution and develop a novel internship program, headed by MPM, that aims to attract students from traditionally underserved communities and engage them in museum and botanical sciences. If awarded, the project would span four years beginning in early 2024. The total project requested \$4.7 million, with MPM receiving \$253,000.

Dr. Jennifer Zaspel, VP/Academic Dean submitted an NSF grant proposal for \$3.5M to establish an ecosystem of biodiversity ambassadors through a statewide community science project. This project, if funded, will provide some funding for an exhibit in the new museum.

Ms. Patty Burke continued to digitize and organize the Devonian fossils. This project will also help to ready the collections for a move. Funding is provided by the Institute of Museum and Library Services (\$86,740).

Fiscal Summary

Consolidated operating revenue decreased in this fiscal year to approximately \$8.7M vs \$9.1M during the same period last year. Even though revenue from admissions and gift shops increased by \$332K and fundraising event revenue from gala and food & froth was up by \$400K, last fiscal year the museum received several large one-time estate gifts. The endowment contributions also decreased by approximately \$385K.

Consolidated operating expenditures for the fiscal year were \$7.5M vs \$6.6M in the previous year. The

Milwaukee Public Museum

operating expenses increased as expected in the current year with our return to normal operations. The largest increase was salary and benefits -- approximately \$714K increase.

Thus, for the seven-month ending March 31, 2023, MPM consolidated financial statements reported net operating assets of \$1.3M compared to \$2.5M in the previous year.

In non-operating income, there is a consolidated net investment gain of \$228K vs a \$55K loss in the prior year due to market volatility.

County Funded Capital Projects

Major County funded projects that are currently in process or will hopefully be in process soon at the Museum include:

• Fire panel/fire safety system replacement – testing continues.

I will be happy to take questions during my appearance before the Committee.

Sincerely,

Ellen 9 Censky

Ellen Censky, PhD President/CEO Milwaukee Public Museum
