DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- A. Approval of this resolution supports and encourages the County Treasurer to find opportunities to deposit public funds in Columbia Savings & Loan a local, minority-led financial depository institution, while adhering to the adopted Statement of Investment Policy and in conformance with all federal, state, and local rules and regulations. It also requests the County Clerk to provide a copy of the resolution, along with a copy of the 2022 Annual Report on Public Funds (File No. 23-473) to department heads to help promote awareness of opportunities to increase the amount of capital available to low- to moderate-income families in Milwaukee County and to further the County's vision of achieving racial equity.
- B. This resolution does not require or obligate an expenditure of funds. Any County funds invested must adhere to all statutes, rules, and policies as overseen by the County Treasurer.
- C. There is no fiscal or budgetary impact with the adoption of this resolution.
- D. No assumptions were made.
