RE: Ethics Board Findings Contained in 2023 Annual Report and Potential
Applicability to Other Factual Situations

BACKGROUND

On March 18, 2024, the office of the Ethics Board published their 2023 Annual Report, providing copies to the Milwaukee County Board of Supervisors Chair and the County Executive. As has been past practice when the Annual Report is published, the office of the Ethics Board submits a supplemental report discussing the potential applicability of the Ethics Board's 2023 determinations and advisories to Milwaukee County officials and employees. These reports are for the consideration of the County Board and specifically the Milwaukee County Judiciary, Safety and General Services Committee and intended to be informational only.

POTENTIAL APPLICABILITY TO MILWAUKEE COUNTY OFFICIALS AND EMPLOYEES

The Ethics Board is the primary source of interpretation of the Milwaukee County Ethics Code (Chapter 9 of the Milwaukee County General Ordinances). Some of the duties of the Board include:

- Assessing Potential Ethical Issues
- Providing Periodic Ethics Education

Each year, the Ethics Board releases its Annual Report, summarizing their yearly advisory opinions, investigations requests, and verified complaints. This is done in an effort to inform and educate the public as to matters that are generally before the Board and the Board's determinations in those matters. Any opinion or response issued by the Ethics Board applies solely to the facts and circumstances surrounding a particular request. The summaries in the annual report are written in a manner that protects the integrity of the closed session discussions of the Board and the confidentiality of the subjects of opinions and responses. The Board's findings vary on what may initially appear to be relatively similar scenarios, due to the particular facts and circumstances that are reviewed on a case-by-case basis. *The summaries are for informational purposes only and should not be relied upon as authoritative advice for other facts and scenarios.*

The scenarios referred to in the Annual Report are reflective of the most commonly asked questions of the Ethics Board through the years, relating to topics such as:

- Conflicts of Interest
- Gifts
- Use of Government Position and Resources
- Outside Employment
- Post-Employment
- Political Activity

2023 saw the number of ethics questions and inquires made continue to increase. The Ethics Board and its office now handles approximately double the number of inquires in a year compared to five years ago. The Ethics Board and its office are proud of this continuing trend, as it shows a stronger awareness amongst County staff and officials of the Code and consideration of its contents. As always, the Board welcomes all inquiries and guarantees their confidentiality.
