DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- A) Milwaukee County Ordinances 46.09 requires County Board approval of Purchase of Service contract increases, amendments or extensions. The Interim Director, Department of Health and Human Services (DHHS), is requesting authorization for the Behavioral Health Division (BHD) to increase the 2011 purchase of service contract with Justice 2000 to allow the agency to be reimbursed for expenses incurred or to be incurred related to trainings for the Adult Drug Treatment Court, including mandatory grantee meetings.
- B) The total recommended increase to the 2011 purchase of service contract for Justice 2000 is \$33,320, from \$45,000 to \$78,320. Federal Substance Abuse and Mental Health Services Administration grant funds are available to completely offset the cost of the contract increase.
- C) No increase in tax levy results from these changes.
- D. No assumptions/interpretations.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
