### **DESCRIPTION OF FISCAL EFFECT**

# In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.<sup>1</sup> If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. The Director of the Department of Health and Human Services (DHHS) requests authorization to extend and increase existing Purchase of Service Agreements with a variety of community vendors for the provision of services in the Birth-to-Three program located within the DHHS-Disabilities Services Division (DSD).

B. Initial 2012 contracts for the Birth-to-Three program were executed for the period January 1, 2012 through March 31, 2012 in the total amount of \$1,083,651. This request extends the existing contracts for the period April 1, 2012 through December 31, 2012. Approval of this request will result in an additional expenditure of \$3,283,948 for calendar year 2012 for a total allocation of \$4,367,599.

C. The revenue necessary to fund this request has been included in DSD's 2012 Adopted Budget for purchase of service contracts. As a result, there is no additional fiscal impact arising from approval of this request.

D. No assumptions are made.
