DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. The Director of the Department of Health and Human Services (DHHS) is requesting authorization to allocate \$1,267,877 in anticipated 2012 Community Development Block Grant (CDBG) funding.

B. The total allocated funding amount represents a decrease of \$(126,360) compared to the 2012 Housing Division Budget for CDBG funds of \$1,394,237.

C. While recognizing that future Federal allocations of grant awards are always uncertain, it is anticipated that the Federal Department of Housing and Urban Development (HUD) will provide approximately \$1,267,877 in grant revenue in 2012. In no case will program expenditures exceed available revenue. As a result, there is no tax levy impact associated with approval of this request. If the final amount differs from the allocation presented here, DHHS will return to the Board with an update and any necessary fund transfers.

D. No further assumptions are made.
