DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

This resolution establishes a policy limiting the conditions to which Milwaukee County will participate with US Department of Homeland Security-Immigrations and Customs Enforcement (ICE) requests for detainer holds. The resolution requests that the Milwaukee County Sheriff, who has broad latitude to administer his oversight over inmate detentions, adopt the County policy.

The 2012 Adopted Budget contains \$131,250 in State Criminal Alien Assistance Program (SCAAP) revenue. SCAAP provides federal payments to states and localities that incurred correctional officer salary costs for incarcerating undocumented criminal aliens with at least one felony or two misdemeanor convictions for violations of state or local law, and incarcerated for at least 4 consecutive days during the reporting period.

Since the policy established by this resolution does not restrict detainer requests for individuals with one felony or two misdemeanor offenses, implementation of the policy would not result in a reduction in current revenues. However, the Sheriff's Office does not currently sort the list of ICE holds so implementation of this policy will likely result in an increase in staff time in order to do so. Alternatively, because the Sherriff's office may currently be placing individuals on ICE holds for which they are not reimbursed, passage of this resolution could ultimately result in budget efficiencies for the Sheriff.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
