	Net Cost	0	0
Capital Improvement	Expenditure	0	0
Budget	Revenue	0	0
	Net Cost	0	0

## **DESCRIPTION OF FISCAL EFFECT**

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

Approval of this resolution will authorize the creation of one position of Carpenter Supervisor and the abolishment of one vacant position of Asbestos Worker for the DAS-Facilities Management Division effective July 18, 2012.

For the remainder of 2012, the increased expenditures for salary and fringe benefits is approximately \$1,557, completely offset with airport revenues for no net tax levy impact. For 2013, the full-year cost is of this position action is approximately \$3,114, again completely offset with airport revenues for no net tax levy impact.

The full-year budgeted cost in 2012 for a Carpenter Supervisor is \$70,844 and \$68,300 for an Asbestos Worker.

This fiscal note replaces the fiscal note submitted by the department that calculated the fiscal impact based on the position action occurring earlier in 2012.

Department/Prepared By	Steve Cady, Fiscal and Budget Analyst, County Board
Authorized Signature	Stephen M. Cardy
