DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- A. Approval of the request would permit the DHHS Management Services Division to enter into purchase of service contracts for the Energy Assistance Program with the Social Development Commission (SDC) and Community Advocates. The term of the contracts would run on the federal fiscal year cycle from October 1, 2012 to September 30, 2013.
- B. The contract being recommended for SDC is \$1,509,849 and the recommended contract for Community Advocates is \$616,104. The revenue available to fund these contracts is included in the State WHEAP contract. This State contract is also being recommended for approval by DHHS in the September cycle and provides funds to administer the program, including contracts with SDC and Community Advocates.
- C. There would be no tax levy impact by approving the request as the recommended contract amounts are within the State of Wisconsin Home Energy Assistance Program (WHEAP) allocation.
- D. This fiscal note assumes expenditures cannot exceed the amounts authorized for the purchase of service contracts.
