DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A) Per Section 46.09, the Director of the Department of Health and Human Services (DHHS) is requesting authorization to increase the 2012 purchase of service (POS) contract with Community Advocates related to ADA improvements for the Northside Crisis Resource Center (CRC) at the Behavioral Health Division (BHD).

B) The total funding recommended for the CRC physical plant improvements in 2012 is \$102,000. These start-up costs were identified in the original 2012 budget for the Mental Health Investment initiative therefore no additional tax levy is necessary. Community Advocates solicited various bids for the work and they were reviewed by a panel including BHD and Community Advocates staff. Community Advocates anticipates completing the work before the end of the year.

<u>C) These funds are budgeted in BHD Org. 6300, in the BHD Crisis Services Org. 6443, account series #8100.</u>

D. No assumptions/interpretations.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.
