Action Required

Finance, Personnel and Audit Committee County Board (2/3 Vote)

WHEREAS, department requests for transfers within their own accounts have been received by the Department of Administrative Services, Fiscal Affairs, and the Director finds that the best interests of Milwaukee County will be served by allowance of such transfers;

THEREFORE, BE IT RESOLVED, that the Director, Department of Administrative Services, is hereby authorized to make the following transfers in the 2013 appropriations of the respective listed departments:

|    |  | From     | <u>To</u> |
|----|--|----------|-----------|
| 1) | 4021 – Expressway Patrol (Office of the Sheriff) |          |           |
|    | 5201 – Overtime                                  |          | \$64,981  |
|    | 5312 – Social Security Taxes                     |          | \$ 4,971  |
|    | 8552 – Mach and Equip New > \$2,500              |          | \$ 4,999  |
|    | 2299 – Other St Grants and Reimbur               | \$74,951 |           |

A transfer in the amount of \$74,951 is being requested by the Office of the Sheriff to increase the appropriations relating to other state grants and reimbursements. The request is being submitted to recognize the receipt of revenue from a grant administered by the State of Wisconsin for Alcohol Enforcement for 2013.

The grant monies must be spent prior to September 30, 2013, as stipulated by the grant. This fund transfer seeks to use the grant monies by purchasing a Double Eagle Radar Unit in an amount not to exceed \$4,999 and for overtime costs in an amount not to exceed \$69,952, as detailed above, to fund 1,284 patrol hours authorized under this grant. Patrol hours will be utilized for reducing the number of alcohol-related crashes and fatalities.

The grant requires a 25% match, which will be provided from existing funds in the Office of the Sheriff budget relating to Expressway Patrol.

It should be noted that the acceptance of this transfers is contingent upon acceptance of the grant award by the County Board. There is no tax levy impact from this transfer

The Director of the Milwaukee County Department of Family Care (MCDFC) is requesting a transfer of \$6,331,384 related to two factors: an increase in capitation rates (from \$2,747.96 to \$2,777.05) for the MCDFC Milwaukee Managed Care Organization (MCO) and a decrease in enrollment based on recent projections. These factors result in a net increase of \$2,915,722, which will be contributed reserve funds.

On December 13, 2012, the County Board Adopted the resolution File No. 13-16, authorizing the execution of a contract with the State Department of Health Services (DHS) to operate an MCO to provide the Family Care benefit in Milwaukee County for the period January 1, 2013 through December 31, 2013.

The MCDFC receives a Capitation Rate for each enrolled Family Care member per month from the State DHS. The capitation rate is calculated as a blended rate consisting of a two-year inflationary trend and administration allowance based on 2011 expenses for the three target groups: Developmentally Disabled (DD), Physically Disabled (PD), and Frail Elderly (FE). Based on new enrollment data, the 2013

enrollment has been reforecasted and a fund transfer is necessary to reflect updated operating revenues and corresponding expenditure authority.

\$5,836,203 of the \$6,057,877 decrease in expenditure authority is member service expenses related to decreased enrollment projections:

The 2013 adopted budget included a deficit of \$1,435,812, which was to be drawn from the reserve. The changes presented in this report will result in a forecasted \$1,479,910 surplus, which will instead be added to the reserves.

Approval of this transfer results in no tax levy impact.

#### <u>Request</u>

A transfer in the amount of \$20,000 is being requested by the Department Administrator of the Election Commission to recognize excess revenue based on invoices sent to municipalities for costs related to the spring 2013 elections.

In accordance with Wisconsin Statute Sec. 5.68(2), (5) and 7.03(1)(bm) and cost distribution guidelines provided by the Wisconsin Government Accountability Board, Milwaukee County is responsible for all costs associated with any special election for a County office.

During the spring election there was a selection election for County Board Supervisor Districts 2 and 17, costs for which totaled approximately \$8,400. In addition, the Election Commission also experienced significant unanticipated costs related to municipal elections, for which it must make payment and then seek reimbursement from the municipalities.

To date, the Election Commission has received \$5,853 in revenue with another \$64,839 that has been invoiced for the costs referenced above. This would result in a total of \$70,692 in revenues. The 2013 Adopted Budget includes \$50,750 in revenues; as a result the invoiced total is approximately \$20,000 above the budgeted level.

This fund transfer would recognize the excess revenues that have been invoiced and increase the expenditure authority by the same amount in order to provide sufficient funding for outstanding invoices related to the spring 2013 elections.

The Election Commission originally requested \$35,000 to cover spring 2013 election costs from the contingency fund during the May cycle. This item was laid over until June cycle. Since that time, the Election Commission has been able to find alternative funds, unrecognized revenues, to cover the costs for the unanticipated expenditures and no longer wishes to seek contingency funds.

There is no tax levy impact from this transfer.

An appropriation transfer of \$500,000 is requested by the Director of the Zoological Gardens (Zoo) to accept revenue from the Zoological Society and establish related expenditure authority.

The 2013 Adopted Budget includes a lump sum reduction of \$553,329 to be offset with additional support from the Zoological Society resulting from a re-negotiated Memorandum of Understanding (MOU). Zoo staff and the Zoological Society have made significant progress, however the parties are still involved in negotiations. In the meantime, the Zoological Society agreed to raise membership rates in 2013 to allow the Society to contribute an additional \$500,000 to the Zoo. If the transfer is approved, an expenditure reduction of \$53,329 will remains in the Zoo Budget.

There is no tax levy effect as a result of this action.

An appropriation transfer of \$370,150 is requested by the Director of the Department of Transportation to increase expenditure authority and revenue for various capital improvement projects in order to provide the financing necessary to make final payments to the Wisconsin Department of Transportation (WisDOT). Expenditure authority is being transferred from Project WO870 County Special Assessments to finance the local share of the final payments.

The construction on the projects listed below has been completed. This appropriation transfer will provide the necessary financing to pay the final invoices from WisDOT. The total amount of the invoices is \$370,150. Financing is being provided by \$324,602 of State Revenue and the local share of \$45,548 is being financed with surplus expenditure authority from Project WO870 County Special Assessments.

A transfer in the amount of \$657,500 is being requested by the House of Correction to increase the appropriations relating to Electronic Monitoring Unit (EMU) programming (Equipment Rental – Short Term).

In January of 2013, funds in the amount of \$657,500 were transferred from the House of Correction and Office of the Sheriff into the Appropriations for Contingency account. These monies were budgeted for the EMU programming costs and were subsequently transferred due to the Office of the Sheriff cancelling the contract with the vendor who rented the EMU equipment to the County. The Office of the Sheriff has not place any inmates on the EMU since October of 2012.

At the time of the transfer, it was envisioned that the funds for the programming would be transferred back to the House of Correction once the Superintendent was put into place in order to enable the operation of the EMU program as envisioned by the terms of the 2013 Adopted Budget.

Since the Superintendent assumed control of the House of Correction in May of 2013, this fund transfer seeks to provide sufficient expenditure authority to the House of Correction to pay the costs for EMU programming.

There is no tax levy impact from this transfer.

# Existing Project, + Included in 5-Year Plan, \* New Project

An appropriation transfer of \$158,236 is requested by the Director of the Department of Community Business Development Partners (CBDP) to reallocate expenditure authority within various 2013 Adopted Capital Improvements projects in order to provide the financing necessary to pay for services provided by the CBDP Department.

The 2013 Adopted Budget (Budget) included \$158,236 of internal service revenue in the CBDP Department. The 2013 Budget did not include the corresponding expenditure authority within the capital projects. The Budget indicated that the CBDP Department would develop a cross charge methodology based on the actual work performed and have it reviewed and approved by the Office of the Comptroller.

The CBDP Department has worked with the Office of the Comptroller, the Department of Administrative Services (DAS), and the County's Bond Counsel to develop a mechanism and criteria to charge capital projects that would insure compliance with rules that relate to the bonds. The primary rule is that charges

will not begin to occur until a signed contract is in place with the vendors in which CBDPs are providing their services. Other criteria relating to the type of job functions that are allowed to be cross charged have also been put in place. The Office of the Comptroller has put the appropriate mechanisms in place in the County's financial systems so that CBDPs can track these activities by project and job function.

Financing for the CBDP expenses are being provided from existing expenditure authority within 2013 capital projects. Although the amounts reallocated within the individual projects are a small portion of the overall project budgets, using existing expenditure authority may result in the need for additional appropriations.

This fund transfer has no tax levy impact.

#### # Existing Project, + Included in 5-Year Plan, \* New Project

An appropriation transfer of \$20,000 is requested by the Director of the Department of Administrative Services to utilize existing expenditure authority to expand the scope of Project WO517012 War Memorial Renovations to include the replacement of the Bird Cage roof. This appropriation transfer will also change the timing of various other elements of the scope of work on the project.

#### Background

The 2013 Adopted Budget included \$2,000,200 to renovate the War Memorial including the replacement of the concrete in the Veterans Courtyard, south stairs at the Veteran's Courtyard south entrance; repair of the concrete on the south canopy, interior columns and delamination of roof slabs; engineering and initial planning to replace the HVAC system for the Kahler Building and engineering costs associated with these improvements. The 2013 appropriation representes the first year of a five year plan to renovate the War Memorial Facility. The total estimated cost for the improvement program is \$11,797,359, with

\$10,000,000 in financing from Milwaukee County (the "County") and the remainder in financing from the Milwaukee Art Museum (MAM).

#### Scope Change for the 2013 Appropriation

The exterior work on the War Memorial Center and the MAM building envelope consists of various repair work to the stone, concrete, stairs and concrete deck waterproofing. There are multiple areas throughout the complex that need attention. The 2013 scope of work currently includes replacement of the concrete deck in the Veteran's Courtyard and the concrete at the south stairs. However, removal of the deck, stairs and waterproofing requires the relocation of a substantial amount of artwork. The MAM requires additional time to build a storage space with environmental controls in another part of the museum. This area will not be ready for the artwork until mid-2014.

This fund transfer modifies the scope of work that relates to the concrete repairs in the 2013 Adopted Budget. The replacement of the concrete deck in the Veteran's Courtyard and the concrete at the south stairs will be shifted to 2014 when the artwork has been stored and protected. The estimated cost associated with the work being shifted to 2014 is \$1 million. The revised scope of work for 2013 will continue with the exterior envelope by accelerating masonry replacement, tuckpointing, crack repairs, window replacement and sealing of joints. Other than the Veteran's Courtyard concrete deck and the south stairs, the remaining miscellaneous concrete repairs and HVAC design effort currently in the 2013 scope of work will remain in 2013. The revised scope of work will not require artwork relocation and can be completed in 2013. Rescheduling this work has been coordinated with the War Memorial and MAM. There is no change in the 2013 budget as a result of the proposed timing changes of the scope of work that are discussed above. Pending approval by the County Board and County Executive, the balance of the available 2013 funds may be carried over for improvements within the project in 2014.

#### Insurance Claim

In December 2012, Risk Management filed a property insurance claim with the Local Government Property Insurance Fund for damage that occurred to the roof of the Bird Cage. The damage to the roof was a result of a glacial effect of winter weather ice dam damaging the metal roof seams allowing water to infiltrate the internal stairway areas.

The gross expenses for the replacement of the roof are approximately \$70,000. The County has a \$20,000 deductible. This appropriation transfer will change the scope of the War Memorial Renovation project to include the replacement of Bird Cage roof in 2013 and will realign the expenditure authority within the project to pay the \$20,000 deductible. The \$20,000 may need to be replaced through a future appropriation.

This fund transfer has no tax levy impact.

An appropriation transfer of \$25,000 is requested by the Interim Director of Parks, Recreation and Culture from the Parks Security Trust Fund to meet various security needs within the County Park System. The Parks Security Trust Fund is a segregated fund used solely for improvements to items related to cash and personal security.

The Department of Parks, Recreation and Culture routinely evaluates security within various park facilities with cash handling operations to ensure staff safety and secure revenue. Items such as safes, signage, and electronic security tools are needed. In addition, a recent Point of Sale (POS) audit recommended transitioning from combination/key safes to electronic key pad safes.

Any unspent funds will revert back to the balance sheet trust account at the end of the year.

If the transfer is approved, the remaining trust fund balance will be \$31,364. There is no tax levy effect as a result of this action.

#### Request

An appropriation transfer of \$22,000 is requested by the Office of the Comptroller to increase expenditure authority in the contractual services series and decrease expenditure authority in the personal services series. The appropriation transfer request provides for temporary staffing assistance.

The Office of the Comptroller has a position of Secretary NR that serves as the executive assistant to the comptroller. This position is filled, but the incumbent has been out on leave since mid-2012. This position is critical to maintaining the comptroller's calendar and providing ongoing clerical and administrative support. This fund transfer will allow the comptroller to employ temporary staffing to assist in these duties until the end of the year. Therefore, the Office of the Comptroller is requesting to realign expenditure authority in the amount of \$22,000 from Salaries and Social Security to Contract Services – Short Term to ensure that sufficient funds are available to cover expected costs for temporary staffing.

No tax levy impact results from approval of this appropriation transfer request as the increase in contractual services is completely offset by a decrease in the personal services series.

#### <u>Request</u>

A transfer in the amount of \$2,150,882.29 is being requested by the House of Correction to increase appropriations relating to Medical Service Fees.

In May of 2013, Milwaukee County was ordered to enter into an emergency contract with Amor for provision of inmate medical. Judge Brash mandated that the County enter into this contract in order to maintain compliance with the Christensen Decree.

The contract with Armor is an unbudgeted expense in the 2013 budget; therefore, it is necessary to allocate funding from various accounts in order to provide funding for this contract.

Part of the contract with Armor provides that Amor will supplement current County inmate medical staff, low org. units 4391 and 4392; with Armor staff in order to provide the proper inmate medical staffing levels at both the House of Correction (CCFS) and County Jail (CCFC), as dictated by the Christensen Decree.

The majority of the positions which Armor will be staffing are currently vacant funded positions at the House of Correction, thus, the funds related to these positions will not be expended this year.

Subsequently, it is the intent of this fund transfer to use funds from the Personal Services accounts (detailed above) related to these positions in order to fund, in part, the Armor contract through the end of 2013. The total cost of the contract for 2013 is estimated to be \$4,866,505.02; however, this number may change due to monthly payments to Armor being dependent on inmate population. It is anticipated that future fund transfers will occur to cover the costs of the contract through the end of the year. The timing of these transfers is dependent on Armor's assessment and takeover of current contracts related to inmate medical for whom the County has encumbered funds for 2013. Further, it is expected that some funds will have to be transferred from the contingency fund to cover the full costs of the Armor contract.

There is no tax levy impact from this transfer.
