DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

The Office of Performance, Strategy & Budget requests retroactive authority to apply for the 2015 Justice Assistance Grant from the U.S. Department of Justice.

Approval of this request will result in total 2015 JAG grant funds of \$818,579 being provided to the following agencies:

Public Policy Forum:	\$92,997
Milwaukee County:	\$352,584
City of Milwaukee:	\$352,450
City of West Allis:	\$20,548

It is anticipated that, of the County's share of expenditures, \$183,902 will be spent in 2015 with the remainder being spent in 2016.

This grant does not require a local match, however staff time is required because DAS-PSB is the fiscal agent for the grant. DAS-PSB will, upon receiving verification of expenses submitted for reimbursement consistent with the approved spending plan, transfer funds to the appropriate account from the trust account that will be created. In addition, DAS-PSB will make payments to the Public Policy Forum and the municipalities listed above for eligible costs upon receipt of appropriate documentation.

¹ If it is assumed that there is no fiscal impact associated with the requested action, then an explanatory statement that justifies that conclusion shall be provided. If precise impacts cannot be calculated, then an estimate or range should be provided.

² Community Business Development Partners' review is required on all professional service and public work construction contracts.
