Action Required

Finance, Personnel and Audit Committee

WHEREAS, department requests for transfers within their own accounts have been received by the Department of Administrative Services, Office of Performance, Strategy and Budget, and the Director finds that the best interests of Milwaukee County will be served by allowance of such transfers;

THEREFORE, BE IT RESOLVED, that the Director, Department of Administrative Services, is hereby authorized to make the following transfers in the 2016 appropriations of the respective listed departments:

1)				From	<u>To</u>
	9000 -	Depa	rtment of Parks, Recreation & Culture		
	8502	_	Major Maintenance Buildings	\$ 254,874	
	6620	_	Repair/Maint. Grounds		\$ 248,874
	7940	_	Recreational Supplies		\$ 6,000

The 2016 Department of Parks, Recreation & Culture budget includes funding of \$225,000 for repairs and major maintenance of baseball diamonds at various parks throughout Milwaukee County. The funding currently resides in object 8502, however most of the actual expenditures occur in other object areas. This transfer request is to reallocate the funds to the object areas where the actual expenses are occurring. This request has no tax levy impact.

TRANSFERS SIGNED BY THE COUNTY EXECUTIVE OCTOBER 6, 2016.

2)				From	<u>To</u>
	9000 -	Depa	artment of Parks, Recreation & Culture		
	9737	_	Power Plant Electricity	\$ 35,115	
	7970	_	Tools and Minor Equipment	\$ 22,750	
	6326	_	Electricity		\$ 35,115
	8552	_	Machinery & Equipment > \$2,500		\$ 22,750

During 2016 the electrical service for the Parks Administration Building was transferred from the municipal supplier to WE Energies. Under the municipal service the charges were dispersed as cross charges and under the new provider they are expensed as a utility charge. This requested transfer is simply transferring the existing budget to the new object being charged for the same service. This is a housekeeping transfer only and has no impact on the tax levy.

A new mobile beverage cooler/trailer was acquired for use in the traveling beer gardens. The funding was budgeted under minor equipment but due to the capitalization threshold the purchase must be coded as a major piece of equipment under object 8552. This budget transfer request is aligning the funding with the appropriate expense account and has no impact on the tax levy.

	5199	_	Salaries – Wages Budget	\$ 30,000	
	6148	_	Prof Serv – Recurring Oper		\$ 30,000

The Performance, Strategy & Budget Division of the Department of Administrative Services is requesting a fund transfer in the amount of \$30,000 to transfer expenditure authority from salaries to professional services.

During 2016, the Performance Strategy & Budget Division experienced vacancies in its budget positions. As a result, the division relied on temporary staffing to support its existing operations.

This fund transfer would adjust the budget by increasing expenditure authority to professional services while making a commensurate reduction to salaries.

There is no tax levy impact to Milwaukee County for this fund transfer.

	6147	_	Prof Service Data Processing		\$ 6,632

The Office of the County Treasurer requests and appropriation transfer to pay for a server upgrade for South Milwaukee's GCS property tax database. South Milwaukee is the last municipality in Milwaukee County to be migrated to the new server. The migration was initially planned for 2018 however vendor scheduling will allow for an early start to the project with the possibility of completion in time for the distribution of 2017 tax statements.

Finance, Personnel and Audit Committee County Board (Majority Vote)

WHEREAS, your committee has received from the Department of Administrative Services, Fiscal Affairs, departmental requests for transfer to the 2016 capital improvement accounts and the Director finds that the best interests of Milwaukee County will be served by allowance of such transfers;

THEREFORE, BE IT RESOLVED, that the Director, Department of Administrative Services, is hereby authorized to make the following transfers in the 2016 capital improvement appropriations:

1)				From	<u>To</u>
	WP2250)21	Oakwood GC Cart Paths (Front Nine)

	WP2710)1 Jo	ohnson Park Pavilion		
	8502	_	Major Maint Bldg (Exp)	\$65,000	

An appropriation transfer of \$137,000 is being requested by the Department of Administrative Services and the Department of Parks, Recreation and Culture to create new Project WP22502 Oakwood Golf Course Cart Paths (Front Nine). Expenditure authority of \$137,000 is requested to be transferred from projects that have surplus cash funding so that design work can begin on the Oakwood Golf Course Cart Paths (Front Nine) project.

In 2015, an appropriation of \$1,100,560 funded design and construction of cart paths and tee renovations for the **back nine** golf holes (WO22501 Oakwood Golf Course Cart Path (**Back Nine**)). Cart paths allow use of golf carts in all types of weather, making the course more playable for golfers throughout the season and improving accessibility for golfers with difficulty walking. When it is raining or the course is wet, carts are not allowed on the holes without paved cart paths, limiting usage and revenue. Cart paths for the entire course not only increases revenue, but provides better customer service.

This fund transfer request creates new subproject WO22502 Oakwood Golf Course Cart Path (**Front Nine**). The project will include construction of asphalt cart paths along front nine golf holes to complete the cart path project at Oakwood at an estimated cost of \$777,000. Cart paths are eight feet wide and work includes excavating topsoil/subsoil for cart path pavement section, stockpiling topsoil/subsoil in designated areas on the golf course (all excavated material will stay on site), placing and compacting stone base course and asphalt pavement, backfilling along sides of new cart path pavement with topsoil, and turf grass restoration.

Completion of this project will increase playable days on Oakwood golf course, increasing revenues from greens fees, concessions, and cart rentals. It will also attract more golf outings and fees and catering associated with these outings.

This appropriation transfer will provide \$137,000 of expenditure authority to the Oakwood Golf Course Cart Path (**Front Nine**) project so that design work on the project can begin. It is anticipated that a future appropriation will be provided to finish construction on the project.

The projects from which the funds are being transferred are substantially complete or complete, have surplus cash financing, and are listed below. Included with each project is the estimated substantial completion date along with the amount be transferred from the each project to the Oakwood Golf Course Cart Path (**Front Nine**) project.

- WP19101 Moody Park Renovation (August 2016) (\$29,000)
- WP20201 MLK Jr. Community Center HVAC (November 2015) (\$43,000)
- WP27101 Johnson Park Pavilion (June 2016) (\$65,000)

This fund transfer has no tax levy impact.

	4707	_	Airport Development Fund	\$10,500,000	

Existing Project, + Included in 5-Year Plan, * New Project

An appropriation transfer of \$10,500,000 is being requested by the Director of the Department Transportation and the Airport Director in order to create budget authority for new Capital Project WA22501 Airport Fuel Storage. Financing will be provided from \$10,500,000 in Airport Development Fund (ADF).

The fuel used at General Mitchell International Airport (GMIA) is housed at an off-airport storage facility owned by Equilon Enterprises, a division of Shell Oil Company (Shell). It is then transported via an underground pipeline to our County-owned fuel distribution facility. The off-airport storage facility and the underground pipeline are owned by Shell (collectively the EQ Assets).

Shell has informed Milwaukee County, and the airlines at GMIA, that it would close the off-airport facility by December 31, 2016, and put the EQ Assets up for sale. Rather than see the EQ Assets purchased by a third party, the airlines expressed an interest to the County that GMIA facilitate the purchase of the EQ Assets by a fuel consortium – an entity formed by the airlines. There is a time element to this deal that requires action by Milwaukee County.

According to the proposal, the fuel consortium would repay Milwaukee County for the loan of the funds to purchase the EQ Assets. The transaction would result in a sale of the EQ assets to the fuel consortium; the consortium would be responsible for operating and maintaining the EQ Assets. They would be accountable for any environmental liability associated with the EQ Assets.

This fund transfer has no tax levy impact.

	Org. Unit 5130 MCDOT- Transportation Services		
	3806 – Serv Provided- Professional	\$20,000	

An appropriation transfer of \$120,000 is being requested by the Department of Transportation to increase expenditure authority for Project WO87001 Special Assessments by \$120,000. Financing is requested to be provided from the Appropriation for Contingencies account and from internal service revenue in the Transportation Services Section of the Milwaukee County Department of Transportation (MCDOT).

Special Assessment costs result from improvements (such as sidewalk repair/replacement) performed by municipalities on County owned property. The transfer will allow for the payment of special assessments that various municipalities have levied for improvements on property owned by Milwaukee County.

As of October 5, 2016, there is currently approximately \$86,000 of funding available in Project WO870 to pay outstanding invoices of approximately \$135,000 and estimated future 2016 expenses of \$50,000. Therefore, an additional \$100,000 is required. The additional \$100,000 funding is requested to be transferred from the Appropriations for Contingencies account.

MCDOT staffing expenses related to the special assessments are being absorbed within the Transportation Services section. The transfer includes \$20,000 of staffing costs in the project that are offset with additional internal service revenue in the Transportation Services Section.

This fund transfer has no tax levy impact.

WO24001 Project Management Software		
8527 – Land Improvements (CAP)		\$100,000
Org. Unit 1945 Appropriations for Contingencies		
8901 – Appropriation for Contingencies	\$100,000	

An appropriation transfer of \$100,000 is being requested by the Department of Administrative Services (DAS) to increase expenditure authority for Project WO24001 Project Management Software. Financing is requested to be provided from the Appropriation for Contingencies account.

A May 2014 County Board Resolution (14-290) authorized the creation of capital projects that were financed with land sale proceeds that were part of the Milwaukee County Innovation Fund. The projects included a \$200,000 appropriation for WO240 Project Management Software.

The project scope included the upgrade or replacement of the project management (PM) software currently used to manage the DAS-Architecture Engineering and Environmental Services (AE&ES) capital budget projects. This software provides project lifecycle management for capital planning, project delivery, cost control, and facilities and real estate management and governance across all project phases, from planning and building to operations and maintenance, integrating critical business processes, data, and documents across the organization.

In July 2014, AE&ES retained a consultant to assist AE&ES Section in conducting a needs analysis and development of an RFP in order to solicit proposals to provide replacement or upgrade of the current project management software (Primavera Contract Manager, ver. 12.0, 2008). An informational status report to the County Board was submitted in October of 2014. Progress on the preparation and issuance of an RFP was delayed in 2015 as the County considered the impact of enterprise resource planning on purchase and deployment of this software. Ultimately it was determined that this stand-alone project management software was required.

In early 2016, a formal RFP process was administered by DAS Procurement Division for procurement of the software. The RFP was developed with input from DAS-FM, Procurement and IMSD staff using the standard Procurement Division RFP format and process. The evaluation panel selected Oracle Unifier software. The Oracle Unifier software proposal included a third party software deployment consultant certified as an Oracle Platinum Partner.

Currently there is approximately \$114,000 remaining in the capital project account. The consultant contract cost to deploy the software is \$205,020. The additional \$100,000 expenditure authority will provide sufficient funding to complete the project. Assuming approval of the appropriation transfer, the project is anticipated to be substantially completed by March 2017.

The additional funding is requested to be transferred from the Appropriations for Contingencies account.

This fund transfer has no tax levy impact.

	8502 – Major Maintenance		\$75,000
	Org. Unit 1945 Appropriations for Contingencies		
	8901 – Appropriation for Contingencies	\$75,000	

An appropriation transfer of \$75,000 is being requested by the Department of Administrative Services (DAS) to increase expenditure authority for replacement parts related to elevator #9 in the Milwaukee County Public Safety Building. Financing is requested to be provided from the Appropriation for Contingencies account.

DAS-Facilities Management (DAS-FM) staff has indicated there have been a number of in which elevator services were halted or stuck in the last few weeks. An example was a deputy was stuck in an elevator with an inmate on September 20th. Sheriff staff are now using the elevator across the hall to bring in-custody inmates to

and from the courtroom. This involves walking inmates through the public hallway and public courtroom gallery and may pose its own set of safety risks.

DAS-Facilities Management staff has indicated that the repair work will begin shortly as contractor scheduling is already underway and will begin in October.

Due to the unforeseen service failure, and subsequent repairs, DAS-FM was required to use budgeted major maintenance funding. Assuming repairs are completed at the anticipated amount of \$75,000, this would only leave approximately \$200,000 in expenditure authority for major maintenance items until year end. This includes major maintenance needs of the Courthouse Complex (Safety Building, Courthouse, Coggs Building, and County Grounds). This appropriation transfer request seeks to replenish the original funding so that DAS-FM can address planned major maintenance needs as well as any emergent items that may arise between now and year end.

There is no tax levy impact from this fund transfer.

WHEREAS, department requests for transfers within their own accounts have been received by the Department of Administrative Services, Fiscal Affairs, and the Director finds that the best interests of Milwaukee County will be served by allowance of such transfers;

THEREFORE, BE IT RESOLVED, that the Director, Department of Administrative Services, is hereby authorized to make the following transfers in the 2016 appropriations of the respective listed departments:

1)				From	<u>To</u>
	<u>9960 – </u>	Debt	Service

	8034	_	Midwest/Skyway Tender Interest Adj		\$108
	4707	—	Contribution from Reserves (Hangar Trust)	\$1,168,548	

An appropriation transfer of \$1,168,548 is requested by the Comptroller to increase expenditure authority to reflect the \$1,168,440 prepayment that was made on the 2016 Taxable Bank Loan. The expenditure authority will also be used adjust the interest amount on the tendered Midwest and Skyway Industrial Development Revenue Bonds (IDRBs) by \$108 to reflect the actual interest due on the transaction. Financing for the prepayment is being provided from the remaining balances in the hangar trusts.

County Board Resolution 16-306 (Resolution), provided the authority to the Comptroller to issue General Obligation Promissory Notes to US Bank to provide funding to pay the County's obligation under the Reimbursement Agreement to US Bank for the Industrial Development Revenue Bonds (IDRBs). The Resolution also provided the authority to transfer funds from the Trust Reserve to make payments to US Bank under the Standby Reimbursement Agreement and to pay costs of issuance. On July 28, 2016, the Office of the Comptroller closed on the sale of the Taxable Bank Notes (Notes). The Notes were issued to tender the Midwest and Skyway IDRBs principal and interest amounts due under the 2003 Standby Reimbursement Agreement between Milwaukee County and US Bank along with costs of issuance.

Subsequent to the sale of the Notes, the County was informed that it could use the funds in the Midwest Trust to prepay the Notes. This matter was undetermined at the time of the sale of the Notes due to issues associated with the Chapter 11 reorganization filing of Republic Airways (Midwest/Skyway). The Notes allow for the County to prepay principal at any time. On August 22, 2016, the County used \$1,168,440 of the remaining funds in the hangar trusts to redeem principal of \$1,167,310.78 and pay interest of \$1,128.40.

There is no tax levy impact associated with this appropriation transfer.
