DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.
- A. This resolution requests, as currently outlined in Chapter 20 of the Milwaukee County Code of General Ordinances (MCGO), that the Department of Administrative Services, in April of each year, update municipal commitment fees and provide a report to the County Board relating to maintenance and board of individuals at the County Jail and House of Correction (HOC).
- B. Existing staff time is required to update the municipal commitment fees and provide a report to the County Board. The impact of updating the municipal commitment fees is unknown at this time. Currently, the rate charged to the municipalities by the Jail and the HOC is \$25.40 per day. The last time the rate was updated was in 2007.
- C. The current budgetary impact is unknown because the municipal commitment fees have not been updated since 2007. In future budget years, the municipal commitment fee is expected to be updated annually in April as detailed in MCGO 20.01.
- D. No assumptions or interpretations were utilized on this form.
