- ☐ Decrease Capital Expenditures
- ☐ Increase Capital Revenues
- ☐ Decrease Capital Revenues
- ☐ Use of contingent funds

Indicate below the dollar change from budget for any submission that is projected to result in increased/decreased expenditures or revenues in the current year.

	Expenditure or Revenue Category	Current Year	Subsequent Year
Operating Budget	Expenditure	72,051	
	Revenue	0	
	Net Cost	72,051	
Capital Improvement Budget	Expenditure		
	Revenue		
	Net Cost		

DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated.¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

PreTrial Services is requesting permission to add an additional 20 GPS units (changing the total contract to 90 GPS units) and funding at a price of \$9.87 per unit per day to the contract with JusticePoint for 2017, increasing the contract by \$72,051. In order to finance the increase associated with the additional GPS units, the department will be decreasing the current Wisconsin Community Services contract in the amount of \$72,051 and transferring those funds to JusticePoint. The transfer of funds will have no direct fiscal impact on the tax levy. Milwaukee County Pretrial Services implemented a new pretrial risk assessment instrument (Public Safety Assessment, PSA) on June 1, 2016. Under the Public Safety Assessment more high risk defendants are eligible for GPS supervision than under the previous assessment tool.
