Subject: Informational Report Regarding the Status of 2014 Supplemental Voluntary Correction Plan and the Baker Tilly Agreed-Upon Procedures Review Audit Phase 1 Report

Background and Summary of 2014 Supplemental VCP

In April of 2014, Corporation Counsel and Pension Board counsel submitted a supplemental Voluntary Correction Plan ("VCP") to the Internal Revenue Service ("IRS") regarding additional pension calculation errors and the proposed correction methodology. On January 26, 2017, Pension Board counsel spoke with the IRS agent who handled the 2007 VCP regarding the supplemental filing. On March 1, 2017, the agent confirmed with Pension Board counsel that he would be the agent in charge of oversight for this supplemental filing. The IRS requested an updated status of research into the errors from Retirement Plan Services ("RPS") due on March 31, 2017. With the commencement of the Baker Tilly Agreed-Upon Procedures review in April, Pension Board attorney Steve Huff sent correspondence to the IRS requesting a reporting extension until the audit is concluded as this auditing process will uncover additional VCP reporting obligations and resolutions, and the review is needed to confirm and further define the information already contained on the VCP. The IRS agreed to provide an extension on status reporting for the 2014 Supplemental VCP to December of 2017.

From February of 2017 through the commencement of the audit, RPS verified updated information to some categories of errors from the 2014 submission. These updates were provided to the County Board in the committee cycles of March, April, May, and most recently in June of 2017. Pension Board counsel updated the 2014 VCP submission with this information, and resubmitted the 2014 Supplemental VCP on June 22, 2017. Any new corrections resulting from the Baker Tilly review will be added to this document through the final filing extension of December of 2017. The updated 2014 Supplemental VCP and corresponding letters from counsel are attached to this report as Exhibit A.

Baker Tilly Agreed-Upon Procedures Review – Phase 1

The fully executed Baker Tilly contract was signed March 31, 2017, for the Agreed-Upon Procedures audit to determine what other Employee Retirement Services ("ERS") issues may currently exist. RPS and Baker Tilly mapped out the timeline for the audit, which commenced onsite on April 10, 2017. Phase 1 of the audit focused on the areas of greatest concern as identified by RPS staff, the Audit Division of the Comptroller's Office, the

Office of Corporation Counsel and outside counsel, and based on previously uncovered issues as identified through prior errors and the VCPs. This phase also included random sampling to ensure there are no blind spots in identifying the potential universe of problems. Phase 1 concluded in June, with a report from Baker Tilly to be available on and presented at the June 28, 2017 meeting of the Pension Board. The Phase 1 report is attached to this report as Exhibit B.

There are two additional phases of the audit as outlined in the previously submitted scope document. Phase 2 will include expanded research into issues uncovered during Phase 1, via the random sampling or otherwise. Lastly, Phase 3 consists of the consulting aspects and document process improvement recommendations from Baker Tilly to assist RPS in more efficient and accurate operations moving forward. Phase 3 is set to conclude in August. A final report will be available upon the conclusion of Phase 3 and the auditors will make one final presentation to both the Pension Board and the County Board.

In the short term, RPS will be focused on correcting the identified errors to the proper amounts, which will likely span the next several months. In the long term, RPS is dedicated to continuous improvement and will move forward with implementing new positive administration changes, including those recommended by Baker Tilly. All future phase improvement recommendations and action plans will be shared with the County Board, retirees, employees, and the public as soon as they are available.
