the 2017 Adopted Budget, but this resolution would reallocate those monies. Due to the budget shortfall in the DPRC, this resolution provides up to \$1 million to cover the department's deficit for 2017 and provides a minimum of \$600,000 to fund a new point of sale system replacement project. It should be noted that monies placed into the Parks Amenities Matching Fund in 2017 would not be eligible for carryover unless eligible (private) matching funds for projects were approved. These funds would otherwise lapse to the County's fiscal bottom line.

If the DPRC does not receive sufficient funding from the 2017 net parking revenues from O'Donnell Park to cover the total cost of the Parks Point of Sale Replacement project, or identifies additional funds due to a lower than currently projected operating budget deficit, the department may need to request a fund transfer from the 2018 Appropriation for Contingencies account to fully fund the project.
