DESCRIPTION OF FISCAL EFFECT

In the space below, you must provide the following information. Attach additional pages if necessary.

- A. Briefly describe the nature of the action that is being requested or proposed, and the new or changed conditions that would occur if the request or proposal were adopted.
- B. State the direct costs, savings or anticipated revenues associated with the requested or proposed action in the current budget year and how those were calculated. ¹ If annualized or subsequent year fiscal impacts are substantially different from current year impacts, then those shall be stated as well. In addition, cite any one-time costs associated with the action, the source of any new or additional revenues (e.g. State, Federal, user fee or private donation), the use of contingent funds, and/or the use of budgeted appropriations due to surpluses or change in purpose required to fund the requested action.
- C. Discuss the budgetary impacts associated with the proposed action in the current year. A statement that sufficient funds are budgeted should be justified with information regarding the amount of budgeted appropriations in the relevant account and whether that amount is sufficient to offset the cost of the requested action. If relevant, discussion of budgetary impacts in subsequent years also shall be discussed. Subsequent year fiscal impacts shall be noted for the entire period in which the requested or proposed action would be implemented when it is reasonable to do so (i.e. a five-year lease agreement shall specify the costs/savings for each of the five years in question). Otherwise, impacts associated with the existing and subsequent budget years should be cited.
- D. Describe any assumptions or interpretations that were utilized to provide the information on this form.

A. The Interim Director of the Department of Health and Human Services (DHHS) is requesting to amend existing 2018 emergency shelter purchase of service contracts with community vendors.

Approval of this request will allow the Interim Director of DHHS to continue the provision of contracted Emergency Shelter Care at 2017 levels for the period January 1, 2018 through December 31, 2018.

B. A total of eight contract amendments to emergency shelter contracts are being recommended by DHHS. Six of these amendments require County Board approval and reflect total expenditures of \$164,449. In addition, two contract amendments for passive review total \$35,551 and are reflected in this report. Therefore, the total expenditure impact of all eight contract amendments is \$200,000.

C. In the December 2017 cycle, the Department of Administrative Services (DAS) requested a fund transfer of \$200,000 from the appropriation for contingency to cover the shortfall because there are no identifiable funds to support these contract amendments. Without County Board approval of the fund transfer, the Housing Division will be at a \$200,000 deficit.

D. This fiscal note assumes expenditures will not exceed the amounts authorized for these purchase of service contracts.
